

FY2026 VQ901 Annual Plan – Part 1

FY2026 Annual Plan

Streamlined Annual PHA Plan (HCV Only PHAs)	U.S. Department of Housing and Urban Development Office of Public and Indian Housing	OMB No. 2577-0226 Expires 9/30/2027
--	---	--

Purpose. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services. They also inform HUD, families served by the PHA, and members of the public of the PHA's mission, goals, and objectives for serving the needs of low-, very low-, and extremely low- income families.

Applicability. The Form HUD-50075-HCV is to be completed annually by **HCV-Only PHAs**. PHAs that meet the definition of a Standard PHA, Troubled PHA, High Performer PHA, Small PHA, or Qualified PHA do not need to submit this form. Where applicable, separate Annual PHA Plan forms are available for each of these types of PHAs.

Definitions.

- (1) **High-Performer PHA** - A PHA that owns or manages more than 550 combined public housing units and housing choice vouchers (HCVs) and was designated as a high performer on both the most recent Public Housing Assessment System (PHAS) and Section Eight Management Assessment Program (SEMAP) assessments if administering both programs, SEMAP for PHAs that only administer tenant-based assistance and/or project-based assistance, or PHAS if only administering public housing.
- (2) **Small PHA** - A PHA that is not designated as PHAS or SEMAP troubled, that owns or manages less than 250 public housing units and any number of vouchers where the total combined units exceed 550.
- (3) **Housing Choice Voucher (HCV) Only PHA** - A PHA that administers more than 550 HCVs, was not designated as troubled in its most recent SEMAP assessment and does not own or manage public housing.
- (4) **Standard PHA** - A PHA that owns or manages 250 or more public housing units and any number of vouchers where the total combined units exceed 550, and that was designated as a standard performer in the most recent PHAS and SEMAP assessments.
- (5) **Troubled PHA** - A PHA that achieves an overall PHAS or SEMAP score of less than 60 percent.
- (6) **Qualified PHA** - A PHA with 550 or fewer public housing dwelling units and/or HCVs combined and is not PHAS or SEMAP troubled.

A.	PHA Information.										
A.1	PHA Name: <u>VIRGIN ISLANDS HOUSING AUTHORITY</u> PHA Code: <u>VQ901</u> PHA Plan for Fiscal Year Beginning: (MM/YYYY): <u>01/2026</u> PHA Inventory (Based on Annual Contributions Contract (ACC) units at time of FY beginning, above) Number of Housing Choice Vouchers (HCVs) <u>2167</u> PHA Plan Submission Type: ☒ Annual Submission ☐ Revised Annual Submission Public Availability of Information. In addition to the items listed in this form, PHAs must have the elements listed below readily available to the public. A PHA must identify the specific location(s) where the proposed PHA Plan, PHA Plan Elements, and all information relevant to the public hearing and proposed PHA Plan are available for inspection by the public. Additionally, the PHA must provide information on how the public may reasonably obtain additional information of the PHA policies contained in the standard Annual Plan but excluded from their streamlined submissions. At a minimum, PHAs must post PHA Plans, including updates, at each Asset Management Project (AMP) and main office or central office of the PHA and should make documents available electronically for public inspection upon request. PHAs are strongly encouraged to post complete PHA Plans on their official websites and to provide each resident council with a copy of their PHA Plans. How the public can access this PHA Plan: FY2026 Annual Plan VQ901 is available at the following: St. Thomas - VIHA Central Office 9900 Oswald Harris Court #5 Estate Bethlehem Charlotte Amalie, St. Thomas, VI 00802-3100 St. Croix -VIHA Central Office Kingshill, St. Croix, VI 00850 (340) 777-8442 (340) 778-8442 All Asset Management Properties in St. Thomas and St. Croix and on the VIHA website at www.vihousing.org. ☐ PHA Consortia: (Check box if submitting a joint Plan and complete table below) <table border="1" style="width: 100%; border-collapse: collapse; margin-top: 10px;"> <thead> <tr> <th style="width: 25%;">Participating PHAs</th><th style="width: 10%;">PHA Code</th><th style="width: 25%;">Program(s) in the Consortia</th><th style="width: 25%;">Program(s) not in the Consortia</th><th style="width: 15%;">No. of Units in Each Program</th></tr> </thead> <tbody> <tr> <td> </td><td> </td><td> </td><td> </td><td> </td></tr> </tbody> </table>	Participating PHAs	PHA Code	Program(s) in the Consortia	Program(s) not in the Consortia	No. of Units in Each Program

B.	Plan Elements.										
B.1	Revision of Existing PHA Plan Elements. a) Have the following PHA Plan elements been revised by the PHA since its last Annual Plan submission? Y N										

- ☒ ☐ Statement of Housing Needs and Strategy for Addressing Housing Needs.
- ☒ ☐ Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions.
- ☒ ☐ Financial Resources.
- ☐ ☒ Rent Determination.
- ☒ ☐ Operation and Management.
- ☐ ☒ Informal Review and Hearing Procedures.
- ☒ ☐ Homeownership Programs.
- ☒ ☐ Self Sufficiency Programs and Treatment of Income Changes Resulting from Welfare Program Requirements.
- ☒ ☐ Substantial Deviation.
- ☒ ☐ Significant Amendment/Modification.

(b) If the PHA answered yes for any element, describe the revisions for each element(s):

Statement of Housing Needs and Strategy for Addressing Housing Needs.

Housing Needs and Strategy for Addressing Housing Needs The U.S. Virgin Islands (USVI) have faced significant housing challenges since hurricanes Irma and Maria in 2017. These storms severely damaged public and private housing, and the subsequent increase in construction costs, insurance costs, the availability on general contractors who are bondable, the increase in the Airbnb vacation rentals, rental rates, continues to impact the housing shortage. Our 2026 strategic plan outlines a multi-faceted approach for the Virgin Islands Housing Authority (VIHA) to address the low-income public housing needs in the USVI. VIHA aims to continue the redevelopment and modernization of our public housing stock, expand homeownership opportunities through Family Self Sufficiency, raise capital for housing development, improve and expand public assistance programs, increase our occupancy rate and strengthen the authority's operations and management.

Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions.

VIHA is awaiting the relevant data from the updated Territory's Consolidated Plan and Housing Demand Study, to better combine with our Public Housing and Housing Choice waiting lists, as well as our current resident demographics, to determine the level of deconcentration needed to balance the income levels in our portfolio. VIHA has determined that the current percentage of waiting list applicants and current resident percentage of extremely low-income households are just slightly below 80%, and slightly above 85% which presents a significant challenge to deconcentrate the public housing inventory. The HUD goal of deconcentration of poverty is admirable, but is impractical to achieve when there is an abundance of very low and extremely low-income individuals as the source for families to be housed. However, through screening, VIHA will work to balance incomes in new or rehabilitated communities with a diversity of household incomes. The most promising way to achieve diversity of income levels is to increase efforts for job creation for individuals in the household. The following waiting list data for St. Thomas and St. Croix shows that 80% of families have extremely low income. Thus, deconcentration is attainable with job creation.

Financial Resources.

See Financial Resources Uploaded.

Operation and Management.

Revision of the Housing Choice Voucher Program (HCVP) Administrative Plan: The HCVP Admin Plan has been updated to include recent changes relative to the operation of the program including the following: HUD has strongly encouraged PHAs to transition Emergency Housing Voucher (EHV) families into the Housing Choice Voucher (HCV) program (PIH Notice 2025-19). In response, VIHA proposes to establish a local preference for families currently assisted under the EHV program. This preference will ensure that EHV families can be transitioned into the HCV program, preventing loss of housing assistance and reducing the risk of homelessness. VIHA will utilize a ranking system to prioritize the EHV preference above all other existing preferences. In accordance with 24 CFR 982.204(a), families must be selected from VIHA's tenant-based HCV waiting list in order to transition into the regular HCV program. VIHA will amend its HCV Administrative Plan, subject to Board of Commissioners approval, to include this new preference. Following adoption, VIHA will notify all current program participants of the new preference and provide reasonable time for eligible families to apply under this provision. Eligibility Requirements Currently admission to the Section 8(y) Homeownership Program (SEHOP) is restricted to a participant of the Housing Choice Voucher Program in good standing for a minimum of one year. This is not a HUD requirement. HUD regulations only require that the family meet the eligibility requirements to get a voucher. (See 24 CFR Part 982.627) The one-year eligibility requirement means that existing Public Housing families cannot qualify for this Program. We are eliminating this requirement and replacing it with the following requirement: To qualify for assistance under the homeownership option, a family must meet the general requirements for admission to the PHA's Section 8 tenant-based voucher program, additional special requirements for homeownership assistance (§ 982.627) and are in good standing. In addition to modifying the eligibility requirements, we have established the following preferences: Applicants for the homeownership program are not required to participate in VIHA's Family Self- Sufficiency (FSS) Program, however,

FSS participants shall have a preference for participation in the homeownership program within the following preferences. 1. First preference for participation in the Homeownership Program shall be given to existing residents of Williams Delight Villas as follows; Elderly and disabled residents; All other residents of Williams Delight Villas 2. Second preference for participation in the Homeownership Program shall be given to eligible existing public housing residents. 3. The third preference for participation in the Homeownership Program shall be given to families residing in the Virgin Islands who meet the general requirements for admission to the PHA's Section 8 tenant-based voucher program, additional special requirements for homeownership assistance (§ 982.627) and are in good standing. Applicants for the Homeownership Program shall be selected based on the date and time when the family expressed an interest in the Homeownership Program via completion of the Section Eight Homeownership (SEHOP) application. Applicants who complete the SEHOP application shall be placed on a waitlist for Section 8(y) assistance and be selected based on the preferences outlined above. Annual Plan uploaded under Additional Supporting DOCs

Homeownership Programs.

See Annual Plan uploaded under Additional Supporting Documents

Self Sufficiency Programs and Treatment of Income Changes Resulting from Welfare Program Requirements.

Family Self-Sufficiency (FSS) Program The Virgin Islands Housing Authority's (VIHA) Family Self-Sufficiency (FSS) Program, serving a minimum of 25 Low-Income Public Housing (LIPH) and Housing Choice Voucher Program (HCVP) families, has received renewed funding from HUD for fiscal year 2025. In response to the recent updates to the Final Rule and the FSS program Administration provision, VIHA has revised the FSS training and action plan to align with these changes. These updates ensure staff are well-equipped to support participants effectively, and the action plan now includes clear strategies and goals reflecting the new administrative requirements. The Program Coordinating Committee (PCC) partners remain integral to the program's success, providing crucial support as participants strive for economic self-sufficiency.

Substantial Deviation.

Substantial Deviation A “substantial deviation” to VIHA’s Five-Year Plan or Restated Five-Year Plan (collectively referred to as the “Five-Year Plan”) and Annual Plan is defined as any substantial change, modification, or amendment to the Five-Year Plan that materially and significantly modifies VIHA’s goals listed in any section of the Five-Year Plan. A change in VIHA’s objectives or strategies in reaching those goals will not be considered a “substantial deviation” or “significant amendment or modification.” Other than for “substantial deviation” or “significant amendment or modifications,” as defined above, VIHA may make changes to its Five-Year Plan without the necessity of re-submitting the entire Five-Year Plan document, conducting a public hearing, or otherwise engaging in Five-Year Plan Resident Advisory Board consultation or other resident consultation.

Significant Amendment/Modification.

The following actions will be considered a Significant Amendment or Modification to the Five-Year and Annual Plan:

- ☐ A change that would significantly alter rent or admission policies of VIHA’s waiting lists. ☐ A significant addition of emergency or non-emergency work items not included in the Capital Fund Program Annual Statement(s) ☐ An exception to this definition will be made for any new activities that are adopted to reflect changes in HUD regulatory requirements or as result of a declared emergency (such changes will not be considered significant amendments or modifications by VIHA) ☐ Any proposed demolition, disposition, homeownership, Capital Fund Financing, development, mixed-finance, or RAD projects not identified in the Plan.

B.2 New Activities.

(a) Does the PHA intend to undertake any new activities related to the following in the PHA's applicable Fiscal Year?

Y N

☒ ☐ Project-Based Vouchers

(b) If Project-Based Voucher (PBV) activities are planned for the applicable Fiscal Year, provide the projected number of PBV units and general locations, and describe how project-basing would be consistent with the PHA Plan.

Project-Based Vouchers

VIHA administers the Territory’s Housing Choice Voucher Program, which is budgeted to provide rental assistance to 2,162 low-income households. VIHA provides project-based rental subsidy to affordable housing sites on St. Thomas and St. Croix. VIHA will advocate for increased funding allocations to provide additional units with Project-Based

	Vouchers (PBV). VIHA will support changes in HUD regulations to increase the cap of PBV available in its funding allocation.
B.3	Progress Report. Provide a description of the PHA's progress in meeting its Mission and Goals described in its 5-Year PHA Plan. See attached FY2026 VQ901 Annual Plan (uploaded), or uploaded Progress Report.
B.4	B.4 Capital Improvements. - Not Applicable
B.5	Most Recent Fiscal Year Audit. (a) Were there any findings in the most recent FY Audit? Y ☐ N ☒ N/A ☐ (b) If yes, please describe:
C.	Other Document and/or Certification Requirements.
C.1	Resident Advisory Board (RAB) Comments. (a) Did the RAB(s) have comments to the PHA Plan? Y ☒ N ☐ (b) If yes, comments must be submitted by the PHA as an attachment to the PHA Plan. PHAs must also include a narrative describing their analysis of the RAB recommendations and the decisions made on these recommendations. VIHA held meetings in both districts and virtually with Resident Council members and a Public Hearing that included Resident Council members. See each section of the Annual Plan to view descriptions for each revision.
C.2	Certification by State or Local Officials. Form HUD 50077-SL, <i>Certification by State or Local Officials of PHA Plans Consistency with the Consolidated Plan</i>, must be submitted by the PHA as an electronic attachment to the PHA Plan.
C.3	Civil Rights Certification/ Certification Listing Policies and Programs that the PHA has Revised since Submission of its Last Annual Plan. Form HUD-50077-ST-HCV-HP, <i>PHA Certifications of Compliance with PHA Plan, Civil Rights, and Related Laws and Regulations Including PHA Plan Elements that Have Changed</i>, must be submitted by the PHA as an electronic attachment to the PHA Plan.
C.4	Challenged Elements. If any element of the PHA Plan is challenged, a PHA must include such information as an attachment with a description of any challenges to Plan elements, the source of the challenge, and the PHA's response to the public. (a) Did the public challenge any elements of the Plan?

Y ☐ N ☒

(b) If yes, include Challenged Elements.

This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937, as amended, which introduced the Annual PHA Plan. The Annual PHA Plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public for serving the needs of low- income, very low- income, and extremely low- income families.

Public reporting burden for this information collection is estimated to average 4.52 hours per response, including the time for reviewing instructions, searching existing data sources, gathering, and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions to reduce this burden, to the Reports Management Officer, REE, Department of Housing and Urban Development, 451 7th Street, SW, Room 4176, Washington, DC 20410-5000. When providing comments, please refer to OMB Approval No. 2577-0226. HUD may not collect this information, and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Privacy Notice. The United States Department of Housing and Urban Development is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations. Responses to the collection of information are required to obtain a benefit or to retain a benefit. The information requested does not lend itself to confidentiality.

Executive Agency Overview

The Virgin Islands Housing Authority (VIHA) is currently facing a significant challenge, as designated by the Department of Housing and Urban Development (HUD). The agency has been categorized as “Troubled”, with a score of 58 out of 100, placing it in a status that necessitates urgent and strategic intervention.

This designation underscores the critical need for immediate action to address the underlying issues impacting our performance. As stewards committed to the welfare and progress of VIHA, we must enhance our performance metrics, implement robust corrective measures, and strengthen our governance structures. Our goal is to steer the agency towards positive transformation and sustained viability.

In response to this pressing issue, We are collaborating with all relevant parties to mobilize swiftly and effectively. Our collective efforts will prioritize targeted initiatives to elevate VIHA’s standing, avoiding the threat of receivership while fostering a culture of accountability, transparency, and efficiency within the organization.

When HUD labels a public housing authority as *Troubled*, it generally indicates a score below 60 points out of a possible 100. VIHA received a score of 58, based on the combined scoring of the four indicators outlined in the Public Housing Assessment System (PHAS). This report serves as our agency's report card, reflecting strategic and operational missteps that have led to our current situation.

To address this, we must focus on damage control measures targeting the areas where we lost the most points—in this case, the Physical and Management categories. Our short-term plan aims to rectify the *Troubled* status by mitigating the significant point losses in these key indicators: 21 points lost in Physical, and 13 points lost in Management. The remaining two indicators account for a total loss of 8 points, which is relatively minor compared to the substantial 34 points lost in the first two categories.

Our long-term plan involves implementing permanent solutions to address the inherent problems stemming from the original design of public housing, which was constructed over 50 years ago. These structures were not designed for the changes in the global weather systems of hurricanes, tsunamis and earthquakes. The necessary revitalization of the current building structures and systems are rising in costs to finance for building system rehabilitations and/or replacements. VIHA’s comprehensive solution is to reposition our aging public housing portfolio with a strategy that addresses all these issues and concerns.

Through a new development planning model, new opportunities for creative and cost-savings construction systems will begin realization in FY2026 for residents in the areas of homeownership, relocation, site-based waiting lists, tenant and project-based vouchers, and continued implementation of Bright Path partnerships for resident services. The Virgin Islands Housing Authority (VIHA) is continuing to update its Public Housing Annual Plan for FY2026 in the areas highlighted below:

- Enhancing Housing Quality: Addressing the physical condition of our housing stock through comprehensive rehabilitation and redevelopment projects.
- Strengthening Management: Implementing robust management practices to improve operational efficiency and effectiveness.
- Promoting Resident Services: Expanding services to support residents' path to self-sufficiency,

including homeownership programs and resident-based vouchers.

- **Fostering Accountability:** Establishing transparent and accountable governance structures to ensure sustainable improvements and strategic oversight.

By addressing both the immediate and long-term challenges, we aim to transform VIHA into a model of excellence in public housing management, ensuring better outcomes for our residents and the broader community.

Section B1: Annual Plan Elements:

Housing Needs and Strategy for Addressing Housing Needs

The US Virgin Islands (USVI) have faced significant housing challenges since hurricanes Irma and Maria in 2017. These storms severely damaged public and private housing, and the subsequent increase in construction costs, the availability on general contractors, rental rates, and the conversion of homes to vacation rentals have exacerbated the housing shortage. Our 2025 strategic plan outlines a multi-faceted approach for the Virgin Islands Housing Authority (VIHA) to address the low-income public housing needs in the USVI.

VIHA aims to continue the redevelopment and modernization of our public housing stock, expand homeownership opportunities through Family Self Sufficiency, raise capital for housing development, improve and expand public assistance programs, and strengthen the authority's operations and management.

Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions

VIHA is awaiting the relevant data from the updated Territory's Consolidated Plan and Housing Demand Study, to better combine with our Public Housing and Housing Choice waiting lists, as well as our current resident demographics, to determine the level of deconcentration needed to balance the income levels in our portfolio. VIHA has determined that the current percentage of waiting list applicants and current resident percentage of extremely low-income households are just slightly below 80%, and slightly above 85% which presents a significant challenge to deconcentrate the public housing inventory. The HUD goal of deconcentration of poverty is admirable, but is impractical to achieve when there is an abundance of very low and extremely low-income individuals as the source for families to be housed. However, through screening, VIHA will work to balance incomes in new or rehabilitated communities with a diversity of household incomes. The most promising way to achieve diversity of income levels is to increase efforts for job creation for individuals in the household. The following waiting list data for St. Thomas and St. Croix shows that 80% of families have extremely low income. Thus, deconcentration is attainable with job creation.

Deconcentration of Poverty Plan

Deconcentration of Poverty and Income-Mixing [24 CFR 903.1 and 903.2]

The PHA's admission policy must be designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. A statement of the PHA's deconcentration policies must be included in its annual plan [24 CFR 903.7(b)].

The PHA's deconcentration policy must comply with its obligation to meet the income targeting requirement [24 CFR 903.2(c)(5)].

Developments subject to the deconcentration requirement are referred to as covered developments' and include general occupancy (family) public housing developments. The following developments are not subject to deconcentration and income mixing requirements: developments operated by a PHA with fewer than 100 public housing units; mixed population or developments designated specifically for elderly or disabled families; developments operated by a PHA with only one general occupancy development; developments approved for demolition or for conversion to tenant-based public housing; and developments approved for a mixed-finance plan using HOPE VI or public housing funds [24 CFR 903.2(b)].

Steps for Implementation [24 CFR 903.2(c)(1)]

To implement the statutory requirement to deconcentrate poverty and provide for income mixing in covered developments, the PHA must comply with the following steps:

Step 1. The PHA must determine the average income of all families residing in all the PHA's covered developments. The PHA may use the median income, instead of average income, provided that the PHA includes a written explanation in its annual plan justifying the use of median income.

VIHA Policy

VIHA will determine the average income of all families in all covered developments on an annual basis.

Step 2. The PHA must determine the average income (or median income, if median income was used in Step 1) of all families residing in each covered development. In determining average income for each development, the PHA has the option of adjusting its income analysis for unit size in accordance with procedures prescribed by HUD.

VIHA Policy

VIHA will determine the average income of all families residing in each covered development (not adjusting for unit size) on an annual basis.

Step 3. The PHA must then determine whether each of its covered developments falls above, within, or below the established income range (EIR), which is from 85% to 115% of the average family income determined in Step 1. However, the upper limit must never be less than the income at which a family would be defined as an extremely low-income family (30% of median income).

Step 4. The PHA with covered developments having average incomes outside the EIR must then determine whether or not these developments are consistent with its local goals and annual plan.

Step 5. Where the income profile for a covered development is not explained or justified in the annual plan submission, the PHA must include in its admission policy its specific policy to provide for deconcentration of poverty and income mixing.

Depending on local circumstances the PHA's deconcentration policy may include, but is not limited to the following:

- Providing incentives to encourage families to accept units in developments where their income level is needed, including rent incentives, affirmative marketing plans, or added amenities
- Targeting investment and capital improvements toward developments with an average income below the EIR to encourage families with incomes above the EIR to accept units in those developments
- Establishing a preference for admission of working families in developments below the EIR
- Skipping a family on the waiting list to reach another family in an effort to further the goals of deconcentration
- Providing other strategies permitted by statute and determined by the PHA in consultation with the residents and the community through the annual plan process to be responsive to local needs and PHA strategic objectives

A family has the sole discretion whether to accept an offer of a unit made under the PHA's deconcentration policy. The PHA must not take any adverse action toward any eligible family for choosing not to accept an offer of a unit under the PHA's deconcentration policy [24 CFR 903.2(c)(4)].

If, at annual review, the average incomes at all general occupancy developments are within the EIR, the PHA will be considered to be in compliance with the deconcentration requirement, and no further action is required.

VIHA Policy

For developments outside the EIR VIHA will take the following actions to provide for deconcentration of poverty and income mixing:

VIHA will skip families on the waiting list, if necessary, to reach a higher income family to whom it will offer the unit.

Order of Selection [24 CFR 960.206(e)]

The PHA system of preferences may select families either according to the date and time of application or by a random selection process.

VIHA Policy

Families will be selected from the waiting list based on preference. Among applicants with the same preference, families will be selected on a first-come, first-served basis according to the date and time their

complete application is received by VIHA.

When selecting applicants from the waiting list VIHA will match the characteristics of the available unit (unit size, accessibility features, unit type) to the applicants on the waiting lists. VIHA will offer the unit to the highest-ranking applicant who qualifies for that unit size or type, or that requires the accessibility features.

By matching unit and family characteristics, it is possible that families who are lower on the waiting list may receive an offer of housing ahead of families with an earlier date and time of application or higher preference status.

Factors such as deconcentration or income-mixing and income-targeting will also be considered in accordance with HUD requirements and VIHA Policy.

4-III.C. NOTIFICATION OF SELECTION

When the family has been selected from the waiting list, the PHA must notify the family.

VIHA Policy

VIHA will notify the family by first class mail when it is selected from the waiting list.

The notice will inform the family of the following:

- Date, time, and location of the scheduled application interview, including any procedures for rescheduling the interview
- Who is required to attend the interview
- Documents that must be provided at the interview to document the legal identity of household members, including information about what constitutes acceptable documentation
- Documents that must be provided at the interview to document eligibility for a preference, if applicable
- Other documents and information that should be brought to the interview

If a notification letter is returned to VIHA with no forwarding address, the family will be removed from the waiting list without further notice. Such failure to act on the part of the applicant prevents VIHA from making an eligibility determination; therefore, no informal hearing will be offered.

4-III.D. THE APPLICATION INTERVIEW

HUD recommends that the PHA obtain the information and documentation needed to make an eligibility determination through a private interview. Being invited to attend an interview does not constitute admission to the program.

Assistance cannot be provided to the family until all SSN documentation requirements are met. However, if the PHA determines that an applicant family is otherwise eligible to participate in the program, the family may retain its place on the waiting list for a period of time determined by the PHA [Notice PIH 2012-10].

Reasonable accommodation must be made for persons with disabilities who are unable to attend an interview due to their disability [24 CFR 8.4(a) and 24 CFR 100.204(a)].

VIHA Policy

Families selected from the waiting list are required to participate in an eligibility interview. All adult members must attend the interview together.

The interview will be conducted only if the head of household or spouse/cohead provides appropriate documentation of legal identity (Chapter 7 provides a discussion of proper documentation of legal identity). If the family representative does not provide the required documentation, the appointment may be rescheduled when the proper documents have been obtained.

Pending disclosure and documentation of social security numbers, VIHA will allow the family to retain its place on the waiting list for 30 days. If not, all household members have disclosed their SSNs at the next time a unit becomes available, VIHA will offer a unit to the next eligible applicant family on the waiting list.

If the family is claiming a waiting list preference, the family must provide documentation to verify their eligibility for a preference (see Chapter 7). If the family is verified as eligible for the preference, VIHA will proceed with the interview. If VIHA determines the family is not eligible for the preference, the interview will not proceed, and the family information will be updated on the waiting list.

The family must provide the information necessary to establish the family's eligibility, including suitability, and to determine the appropriate amount of rent the family will pay. The family must also complete required forms, provide required signatures, and submit required documentation. If any materials are missing, VIHA will provide the family with a written list of items that must be submitted.

Any required documents or information that the family is unable to provide at the interview must be provided within 14 business days of the interview (Chapter 7 provides details about longer submission deadlines for particular items, including documentation of Social Security numbers and eligible noncitizen status). If the family is unable to obtain the information or materials within the required time frame, the family may request an extension. If the required documents and information are not provided within the required time frame (plus any extensions), the family will be sent a notice of denial (see Chapter 3).

An advocate, interpreter, or other assistant may assist the family with the application and the interview process.

Interviews will be conducted in English. For Limited English Proficient (LEP) Applicants, VIHA will provide translation services in accordance with VIHA's LEP plan.

If the family is unable to attend a scheduled interview, the family should contact VIHA in advance of the interview to schedule a new appointment. In all circumstances, if a family does not attend a scheduled interview, VIHA will send another notification letter with a new interview appointment time. Applicants who fail to attend two scheduled interviews without PHA approval will have their applications made inactive based on the family's failure to supply information needed to determine eligibility. The second appointment letter will state that failure to appear for the appointment without a request to reschedule will be interpreted to mean that the family is no longer interested, and their application will be withdrawn.

Such failure to act on the part of the applicant prevents VIHA from making an eligibility determination, therefore VIHA will not offer an informal hearing.

4-III.E. FINAL ELIGIBILITY DETERMINATION [24 CFR 960.208]

The PHA must verify all information provided by the family. Based on verified information related to the eligibility requirements, including PHA suitability standards, the PHA must make a final determination of eligibility.

When a determination is made that a family is eligible and satisfies all requirements for admission, including tenant selection criteria, the applicant must be notified of the approximate date of occupancy in so far as that date can be reasonably determined [24 CFR 960.208(b)].

VIHA Policy

VIHA will notify a family in writing of their eligibility within 14 business days of the determination and will provide the approximate date of occupancy insofar as that date can be reasonably determined.

The PHA must promptly notify any family determined to be ineligible for admission of the basis for such determination, and must provide the applicant upon request, within a reasonable time after the determination is made, with an opportunity for an informal hearing on such determination [24 CFR 960.208(a)].

VIHA Policy

If VIHA determines that the family is ineligible, VIHA will send written notification of the ineligibility determination within 14 business days of the determination. The notice will specify the reasons for ineligibility and will inform the family of their right to request an informal hearing (see Chapter 14).

If the PHA uses a criminal record or sex offender registration information obtained under 24 CFR 5, Subpart J, as the basis of a denial, a copy of the record must precede the notice to deny, with an opportunity for the applicant to dispute the accuracy and relevance of the information before the PHA can move to deny the application. See Section 3-III.G for the PHA's policy regarding such circumstances.

12-IV.E. DECONCENTRATION

VIHA Policy

If subject to deconcentration requirements, VIHA will consider its deconcentration goals when transfer units are offered. When feasible, families above the Established Income Range will be offered a unit in a development that is below the Established Income Range, and vice versa, to achieve VIHA's deconcentration goals. A deconcentration offer will be considered a "bonus" offer; that is, if a resident refuses a deconcentration offer, the resident will receive one additional transfer offer.

Empowering Marginalized Populations Through Comprehensive Housing and Support Services

The Virgin Islands Housing Authority (VIHA) has implemented a strategy that prioritizes support for marginalized populations, including veterans, survivors of domestic violence, and youth in or exiting foster care, by integrating the Bright Path model with our Family Self-Sufficiency (FSS) and Section 3 programs. The Bright Path model delivers a comprehensive household evaluation that ensures access to wrap-around services (housing stability, mental health care, job training, and education). At the same time, FSS provides one-on-one coaching and an escrow savings pathway tied to increased earnings. In parallel, Section 3 expands employment, apprenticeship, and business opportunities for residents through the engagement of local firms on VIHA-funded projects. Together, FSS and Section 3 create a coordinated pipeline, from career readiness and income growth to assist building entrepreneurship that advances VIHA's overarching goal: stabilize housing with sustainable economic mobility through robust coordination with territorial agencies and community partners. We are building a tailored support network that helps residents secure jobs, grow savings, start businesses, become homeowners, and identify economic ways to self-sufficiency for them and their families.

* Data as per VIHA's July 2025 Community Profile Report.

Average BR Calculation Factor - The calculation is based on PIH Notice: PIH 2001-4 (HA). The bedroom adjustment factor based on national rent averages for units grouped by the number of bedrooms, and which has been used by HUD to adjust for costs of units when the number of bedrooms vary. The bedroom adjustment factor is the unit-weighted average of the distribution. If a PHA average incomes above or below 85% to 115% of the average incomes for each development, the PHA must provide an explanation/justification for the percentage range.

EIR = Established Income Range - Based on 24 CFR Part 903 Public Housing Agency Plans: Deconcentration Amendments to Established Income Range Definition; Proposed Rule (b), PHA shall determine whether each of its covered developments falls above, within or below the Established Income Range. The Established Income Range is 85 percent of the average family income to the greater of either 115 percent (inclusive of 85 percent and 115 percent) of the PHA-wide average income for covered developments as defined in Step 1 or an average family income at which a family would be defined as an extremely low-income family under 24 CFR 5.603.

Operation and Management

Revision of the Housing Choice Voucher Program (HCVP) Administrative Plan:

The HCVP Admin Plan has been updated to include recent changes relative to the operation of the program including the following:

HUD has strongly encouraged PHAs to transition Emergency Housing Voucher (EHV) families into the Housing Choice Voucher (HCV) program (PIH Notice 2025-19). In response, VIHA proposes to establish a local preference for families currently assisted under the EHV program. This preference will ensure that EHV families can be transitioned into the HCV program, preventing loss of housing assistance and reducing the risk of homelessness. VIHA will utilize a ranking system to prioritize the EHV preference above all other existing preferences.

In accordance with 24 CFR 982.204(a), families must be selected from VIHA's tenant-based HCV waiting list in order to transition into the regular HCV program. VIHA will amend its HCV Administrative Plan, subject to Board of Commissioners approval, to include this new preference. Following adoption, VIHA will notify all current program participants of the new preference and provide reasonable time for eligible families to apply under this provision.

Eligibility Requirements

Currently admission to the Section 8(y) Homeownership Program (SEHOP) is restricted to a participant of the Housing Choice Voucher Program in good standing for a minimum of one year. This is not a HUD requirement. HUD regulations only require that the family meet the eligibility requirements to get a voucher. (See 24 CFR Part 982.627)

The one-year eligibility requirement means that existing Public Housing families cannot qualify for this Program. We are eliminating this requirement and replacing it with the following requirement:

To qualify for assistance under the homeownership option, a family must meet the general requirements for admission to the PHA's Section 8 tenant-based voucher program, additional special requirements for homeownership assistance (§ 982.627) and are in good standing.

In addition to modifying the eligibility requirements, we have established the following preferences: Applicants for the homeownership program are not required to participate in VIHA's Family Self-Sufficiency (FSS) Program, however, FSS participants shall have a preference for participation in the homeownership program within the following preferences.

1. First preference for participation in the Homeownership Program shall be given to existing residents of Williams Delight Villas as follows; Elderly and disabled residents; All other residents of Williams Delight Villas
2. Second preference for participation in the Homeownership Program shall be given to eligible existing public housing residents.

3. The third preference for participation in the Homeownership Program shall be given to families residing in the Virgin Islands who meet the general requirements for admission to the PHA's Section 8 tenant-based voucher program, additional special requirements for homeownership assistance (§ 982.627) and are in good standing.

Applicants for the Homeownership Program shall be selected based on the date and time when the family expressed an interest in the Homeownership Program via completion of the Section Eight Homeownership (SEHOP) application.

Applicants who complete the SEHOP application shall be placed on a waitlist for Section 8(y) assistance and be selected based on the preferences outlined above.

Update of Utility Allowances:

VIHA implemented its annual new Housing Choice Voucher Program Utility Allowances effective, August 1, 2024, due to the rate change of at least 10 percent since the last adjustment.

Violence Against Women and Department of Justice Reauthorization Act of 2005 (VAWA)

As planned as part of the FY2025 Annual Plan, VIHA committed to taking proactive steps to address issues related to domestic violence under the Violence Against Women Act (VAWA). In pursuit of this commitment, VIHA has developed a Memorandum of Understanding (MOU) in collaboration with the Quality of Life Consortium (QOL) which includes: St. Croix Women's Coalition, Office of Gun Violence and Prevention, Virgin Islands Police Department (VIPD), Department of Justice, Department of Human Services and the Family Resource Center.

This Memorandum of Understanding (MOU) with the Quality of Life Consortium (QOL) partners, establishes a collaborative framework to enhance Emergency Response Management for victims of domestic violence. It provides the necessary support services, to improve crisis response efforts, and equip VIHA employees with training and resources to effectively address household emergency domestic violence, child neglect/abuse, senior citizen abuse, and other forms of violence in compliance with the Violence Against Women Act (VAWA) and state reporting mandates. By partnering with the QOL, VIHA aims to create a supportive and responsive environment for those affected by domestic violence. This collaboration harnesses the agencies' collective experience to provide comprehensive assistance, guidance, and resources to residents facing domestic violence situations.

The objectives of this MOU are to:

1. Provide Emergency Support Services - Ensure immediate and coordinated responses to violent and neglected incidents affecting VIHA residents.
2. Enhance Employee Training - Equip VIHA employees with the knowledge and resources to identify, respond to, and support victims.
3. Facilitate Resource Sharing-Improve survivors' and assailants' access to counseling, shelter, legal aid, and case management services.
4. Strengthen Policy Implementation - Align emergency response efforts with VIHA's policies and legal

requirements under VAWA.

5. Establish Communication Protocols - Develop a streamlined process for information sharing, referrals, and case coordination among partners.

Each party to this agreement would identify residents affected by domestic violence, neglect, or abuse and refer them to appropriate partner agencies. Provide training and resources to VIHA staff to ensure compliance with VAWA. Ensure that housing policies protect the rights of survivors and facilitate emergency transfers when needed. Monitor and evaluate the effectiveness of emergency response services provided under this MOU. Maintain accurate records of referrals, incidents, and responses, ensuring compliance with confidentiality laws and regulations.

Homeownership Programs

The Williams Delight Villas, built in 1969, consists of 300 single-family detached homes. The physical address of the property is 158 & 159 Estate Williams Delight, Frederiksted, St. Croix. Section 5(h) authorized by Section 32 Housing Act of 1937 allows for the sale of public housing units to eligible low-income households. The proceeds of these sales are used to meet other low-income housing needs.

VIHA's current 5(h) Homeownership Plan at Williams Delight Villas was approved in 1995 and amended in 2012 to authorize the sale of up to 50 homes. As of June 9, 2023, 35 homes have been sold and 183 have been targeted for demolition per Section 18, leaving 82 homes that can be sold under Section 5(h). The Board of Commissioners has authorized amending the Plan to allow for the sale of up to 117 units under Section 5(h), which covers the 35 homes sold to date plus the additional 82 homes that are deemed suitable for renovation and sale. The priorities previously approved in the Plan remain the same.

First Priority	Residents currently living at Williams Delight Villas (residency required for at least six months.)
Second Priority	Former Williams Delight Villas Residents who are Military Veterans living in other St. Croix VIHA communities or Military Veterans who are Housing Choice Voucher (Section 8) voucher-holders living on St. Croix.
Third Priority	Former Williams Delight Villas Residents living in other St. Croix VIHA communities or Housing Choice Voucher (Section 8) voucher-holders living on St. Croix.
Fourth Priority	Former Williams Delight Villas Residents living in the U. S. Virgin Islands.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

VIHA is also amending its Section 8(y) Homeownership to make this resource available to elderly and disabled Williams Delight residents. The chart below provides the occupancy status as of August 1, 2025:

<u>Bedroom Size</u>	<u>Sold</u>	<u>Occupied</u>	<u>Vacant Units</u>	<u>Total</u>
2BR	17	34	98	149
3BR	25	31	63	119
4BR	1	9	22	32
Total	43	74	183	300

A structural and architectural investigation of Williams Delight’s units in May 2022 by Dynotec, a prior structural report by Creative Housing Solutions in 2019 of the units on the East side, and an assessment by VIHA staff on certain selected units in 2023 are the basis for determining that of the 183 vacant units, 100 are not suited for renovation and should be demolished.

As part of the Section 5(h) Plan, homes where renovation costs exceed allowable costs for renovation, are located within the flood zone where homebuyers cannot procure flood insurance or are structurally unsound will be demolished. VIHA will repair for-sale units to meet local code and HUD habitability standards prior to sale. The average per unit hard cost to renovate occupied homes is estimated at \$15,319, while the average per unit hard cost to renovate vacant homes is estimated at \$69,036.

The chart below shows the sale prices of homes sold as-is and those sold after substantial renovation.

Bedroom Size	Size (sq ft)	Price Point “As-Is” Occupied Homes	Price Point “Rehabilitated” Vacant Homes
Two-Bedroom	585	\$22,000	\$52,000
Three-Bedroom	725	\$25,000	\$65,000
Four-Bedroom	845	\$30,000	\$78,000

Obtaining financing for the home is the responsibility of the buyer. Eligible homeowners have the option of utilizing the traditional financial institutions, the USDA Rural Development Program, or any other Local or Federal programs that they may be eligible to obtain mortgage financing. In addition, families have the option to do a cash purchase. For any sale transaction, the Head of Household must be lease compliant and not owe more than two months of rent.

Success in obtaining financing will depend on the household’s credit history, employment history, and amount of outstanding debt and/or availability of co-signers. Counselling and individual assistance will be provided to prospective buyers on financial planning, budgeting, and loan application procedures through the Virgin Islands Housing Finance Authority. Mortgage assistance is also available to eligible participants through the Virgin Islands Housing Finance Authority’s HOME Program.

The following describes the application responsibilities for all prospective purchasers:

- All prospective purchasers must complete and provide a Williams Delight Survey and Letter of Intent to Purchase.
- A prospective purchaser of a home must be income eligible. The prospective purchaser's income must be at or below 80% of AMI based on household size if they are purchasing a home other than their current residency. If the resident that is currently living in the home has an income over 80% AMI, the maximum income requirement of 80% AMI is waived. If a prospective purchaser who is not currently residing in a home decides to purchase a home, the income requirement of 80% of AMI applies.
- A prospective purchaser must have an acceptable credit score. Prospective Lenders will run a credit report.
- Prospective purchasers must be a first-time homebuyer or cannot have owned a home in the past three years and must not own any other home.
- The prospective purchaser must have a reliable and consistent source of income, evidenced for at least 12 months.
- Prospective purchaser must meet the underwriting standards set by the lender in accordance with the ratio requirements pertaining to income and debt.
- Prospective purchasers must contribute no less than one percent (1%) of their own funds towards the down payment of a house. Prospective purchasers are permitted to use grants, gifts from relatives, contributions from private sources, and other similar sources for the remainder of the down payment VIHA will retain records verifying the source(s) of this one percent contribution.
- The prospective purchaser must have a history of consistent rental payments with VIHA for a minimum of six months.
- Prospective purchasers must be able to afford monthly mortgage payments including taxes, insurance, utilities, maintenance, and other fees associated with homeownership (e.g., association dues), not to exceed 35% of adjusted gross income.
- Each prospective purchaser must agree that the home will be the purchasers' principal residence.
- Head of Household must be lease compliant and not owe rent.

WILLIAMS DELIGHT HOMEOWNERSHIP PROGRAM [24 CFR 982.625 through 982.643] OVERVIEW [24 CFR 982.625]

The Authority will set aside up to twenty-five (25) tenant-based vouchers for eligible VIHA residing at Williams Delight. Eligible families must be admitted into the Housing Choice Voucher Program in accordance with the requirements of 24 CFR 982.617 (a)(1), be a first-time homebuyer, be an elderly or disabled household, and meet the income requirements per 24 CFR Part 982.627(c).

The homeownership option is used to assist a family residing in a home purchased and owned by one or more members of the family. A family assisted under this option may be newly admitted or an existing participant in the HCV program. The PHA must have the capacity to operate a successful HCV homeownership program as defined by the regulations. There are two forms of homeownership assistance described in the regulations: monthly homeownership assistance payments, and single down payment

assistance grants. However, PHAs may not offer down payment assistance until funding is allocated by Congress. Until this happens, a PHA may only offer monthly homeownership assistance. The PHA must offer homeownership assistance if needed as a reasonable accommodation so that the program is readily accessible to and usable by persons with disabilities. It is the sole responsibility of the PHA to determine whether it is reasonable to implement a homeownership program as a reasonable accommodation. The PHA must determine what is reasonable based on the specific circumstances and individual needs of the person with a disability. The PHA may determine that it is not reasonable to offer homeownership assistance as a reasonable accommodation in cases where the PHA has otherwise opted not to implement a homeownership program. The PHA must approve a live-in aide if needed as a reasonable accommodation so that the program is readily accessible to and usable by persons with disabilities.

FAMILY ELIGIBILITY [24 CFR 982.627]

Eligible families must be participating in the Authority Williams Delight Section 5(h) or Section 32 Homeownership Program, be admitted into the Housing Choice Voucher Program in accordance with the requirements of 24 CFR 982,617 (a)(1), be a first-time homebuyer, be an elderly or disabled household, and meet the income requirements per 24 CFR Part 982,627(c).

The family must meet all of the requirements listed below before the commencement of homeownership assistance. The PHA may also establish additional initial requirements as long as they are described in the PHA administrative plan.

- The family must have been admitted to the Housing Choice Voucher program.
- The family must qualify as a first-time homeowner or may be a cooperative member.
- The family must meet the Federal minimum income requirement.
- The family must have a gross annual income equal to the Federal minimum wage multiplied by 2000, based on the income of adult family members who will own the home.

The PHA may establish a higher income standard for families. However, a family that meets the federal minimum income requirement (but not the PHA's requirement) will be considered to meet the minimum income requirement if it can demonstrate that it has been pre-qualified or pre-approved for financing that is sufficient to purchase an eligible unit.

- For disabled families, the minimum income requirement is equal to the current SSI monthly payment for an individual living alone, multiplied by 12.
- For elderly or disabled families, welfare assistance payments for adult family members who will own the home will be included in determining whether the family meets the minimum income requirement. It will not be included for other families.
- The family must satisfy the employment requirements by demonstrating that one or more adult members of the family who will own the home at commencement of homeownership assistance is currently employed on a full-time basis (the term 'full-time employment' means not less than an average of thirty (30) hours per week); and has been continuously so employed during the year before commencement of homeownership assistance for the family.

- The employment requirement does not apply to elderly and disabled families. In addition, if a family, other than an elderly or disabled family includes a person with disabilities, the PHA must grant an exemption from the employment requirement if the PHA determines that it is needed as a reasonable accommodation.
- The family has not defaulted on a mortgage securing debt to purchase a home under the homeownership option.
- Except for cooperative members who have acquired cooperative membership shares prior to commencement of homeownership assistance, no family member has a present ownership interest in a residence at the commencement of homeownership assistance for the purchase of any home.
- Except for cooperative members who have acquired cooperative membership shares prior to the commencement of homeownership assistance, the family has entered a contract of sale in accordance with 24 CFR 982.631(c).

SELECTION OF FAMILIES [24 CFR 982.626]

Unless otherwise provided (under the homeownership option), the PHA may limit homeownership assistance to families or purposes defined by the PHA and may prescribe additional requirements for commencement of homeownership assistance for a family. Any such limits or additional requirements must be described in the PHA administrative plan. If the PHA limits the number of families that may participate in the homeownership option, the PHA must establish a system by which to select families to participate.

ELIGIBLE UNITS [24 CFR 982.628]

In order for a unit to be eligible, the PHA must determine that the unit satisfies all of the following requirements:

- The unit must meet HUD's "eligible housing" requirements. The unit may not be any of the following:
 - A public housing or Indian housing unit
 - A unit receiving Section 8 project-based assistance
 - A nursing home, board and care home, or facility providing continual psychiatric, medical, or nursing services
 - A college or other school dormitory
 - On the grounds of penal, reformatory, medical, mental, or similar public or private institutions
- The unit must be under construction or already exist at the time the family enters into the contract of sale.
- The unit must be a one-unit property or a single dwelling unit in a cooperative or condominium
- The unit must have been inspected by the PHA and by an independent inspector designated by the family.
- The unit must meet Housing Quality Standards.
- For a unit where the family will not own fee title to the real property (such as a manufactured home), the home must have a permanent foundation, and the family must have the right to occupy the site for at least 40 years.
- For PHA-owned units all of the following conditions must be satisfied:
 - The PHA informs the family, both orally and in writing, that the family has the right to

- purchase any eligible unit, and a PHA-owned unit is freely selected by the family without PHA pressure or steering
- The unit is not ineligible housing
- The PHA obtains the services of an independent agency to inspect the unit for compliance with HQS, review the independent inspection report, review the contract of sale, determine the reasonableness of the sales price and any PHA provided financing

All of these actions must be completed in accordance with program requirements. The PHA must not approve the unit if the PHA has been informed that the seller is debarred, suspended, or subject to a limited denial of participation.

HOMEOWNERSHIP COUNSELLING [24 CFR 982.630]

Before commencement of homeownership assistance for a family, the family must attend and satisfactorily complete the pre-assistance homeownership and housing counselling program required by the PHA. HUD suggests the following topics for the PHA-required pre-assistance counselling:

- Home maintenance (including care of the grounds)
- Budgeting and money management
- Credit counselling
- How to negotiate the purchase price of a home
- How to obtain homeownership financing and loan pre-approvals, including a description of types of financing that may be available, and the pros and cons of diverse types of financing.
- How to find a home, including information about homeownership opportunities, schools, and transportation in the PHA jurisdiction
- Advantages of purchasing a home in an area that does not have a high concentration of low-income families and how to locate homes in such areas.
- Information on fair housing, including fair housing lending and local fair housing enforcement agencies; and
- Information about the Real Estate Settlement Procedures Act (12 U.S.C. 2601 et seq.) (RESPA), state and Federal truth-in-lending laws, and how to identify and avoid loans with oppressive terms and conditions.

The PHA may adapt the subjects covered in pre-assistance counselling (as listed) to local circumstances and the needs of individual families. The PHA may also offer additional counselling after commencement of homeownership assistance (ongoing counselling). If the PHA offers a program of ongoing counselling for participants in the homeownership option, the PHA shall have discretion to determine whether the family is required to participate in the ongoing counselling. If the PHA does not use a HUD-approved housing counselling agency to provide the counselling, the PHA should ensure that its counselling program is consistent with the counselling provided under HUD's Housing Counselling program.

HOME INSPECTIONS, CONTRACT OF SALE, AND PHA DISAPPROVAL OF SELLER [24 CFR 982.631]

Home Inspections

The PHA may not commence monthly homeownership assistance payments for a family until the PHA has inspected the unit and has determined that the unit passes HQS. An independent professional inspector selected by and paid for by the family must also inspect the unit. The independent inspection must cover major building systems and components, including foundation and structure, housing interior and exterior, and the roofing, plumbing, electrical, and heating systems. The independent inspector must be qualified to report on property conditions, including major building systems and components. The PHA may not require the family to use an independent inspector selected by the PHA. The independent inspector may not be a PHA employee or contractor, or other person under control of the PHA. However, the PHA may establish standards for qualification of inspectors selected by families under the homeownership option.

The PHA may disapprove a unit for assistance based on information in the independent inspector's report, even if the unit was found to comply with HQS. Contract of Sale Before commencement of monthly homeownership assistance payments, a member or members of the family must enter into a contract of sale with the seller of the unit to be acquired by the family. The family must give the PHA a copy of the contract of sale. The contract of sale must:

- Specify the price and other terms of sale by the seller to the purchaser.
- Provide that the purchaser will arrange for a pre-purchase inspection of the dwelling unit by an independent inspector selected by the purchaser.
- Provide that the purchaser is not obligated to purchase the unit unless the inspection is satisfactory to the purchaser.
- Provide that the purchaser is not obligated to pay for any necessary repairs; and
- Contain a certification from the seller that the seller has not been debarred, suspended, or subject to a limited denial of participation under CFR part 24

In its administrative discretion, the PHA may deny approval of a seller for the same reasons a PHA may disapprove an owner under the regular HCV program [see 24 CFR 982.306(c)].

FINANCING [24 CFR 982.632]

The PHA may establish requirements for financing purchase of a home under the homeownership option. This may include requirements concerning qualification of lenders, terms of financing, restrictions concerning debt secured by the home, lender qualifications, loan terms, and affordability of the debt. The PHA must establish policies describing these requirements in the administrative plan. A PHA may not require that families acquire financing from one or more specified lenders, thereby restricting the family's ability to secure favorable financing terms.

CONTINUED ASSISTANCE REQUIREMENTS; FAMILY OBLIGATIONS [24 CFR 982.633]

Homeownership assistance may only be paid while the family is residing in the home. If the family moves out of the home, the PHA may not continue homeownership assistance after the month when the family moves out. The family or lender is not required to refund to the PHA the homeownership assistance for the month when the family moves out. Before commencement of homeownership assistance, the family must

execute a statement in which the family agrees to comply with all family obligations under the homeownership option. The family must comply with the following obligations:

- The family must comply with the terms of the mortgage securing debt incurred to purchase the home, or any refinancing of such debt.
- The family may not convey or transfer ownership of the home, except for purposes of financing, refinancing, or pending settlement of the estate of a deceased family member. Use and occupancy of the home are subject to 24 CFR 982.551 (h) and (i).
- The family must supply information to the PHA, or HUD as specified in 24 CFR 982.551(b). The family must further supply any information required by the PHA or HUD concerning mortgage financing or refinancing, sale, or transfer of any interest in the home, or homeownership expenses.
- The family must notify the PHA before moving out of the home.
- The family must notify the PHA if the family defaults on the mortgage used to purchase the home.
- No family member may have any ownership interest in any other residential property
- The family must comply with the obligations of a participant family described in 24 CFR 982.551, except for the following provisions which do not apply to assistance under the homeownership option: 24 CFR 982.551(c), (d), (e), (f), (g) and (j). 15-VII.J

MAXIMUM TERM OF HOMEOWNER ASSISTANCE [24 CFR 982.634]

Except in the case of a family that qualifies as an elderly or disabled family, other family members (described below) shall not receive homeownership assistance for more than:

- Ten years, in all other cases. The maximum term described above applies to any member of the family who:
- Has an ownership interest in the unit during the time that homeownership payments are made; or
- Is the spouse of any member of the household, who has an ownership interest in the unit during the time homeownership payments are made. In the case of an elderly family, the exception only applies if the family qualifies as an elderly family at the start of homeownership assistance. In the case of a disabled family, the exception applies if at any time during receipt of homeownership assistance the family qualifies as a disabled family. If, during the course of homeownership assistance, the family ceases to qualify as a disabled or elderly family, the maximum term becomes applicable from the date homeownership assistance commenced. However, such a family must be provided at least 6 months of homeownership assistance after the maximum term becomes applicable (provided the family is otherwise eligible to receive homeownership assistance). If the family has received such assistance for different homes, or from different PHAs, the total of such assistance terms is subject to the maximum term described in this part.

HOMEOWNERSHIP ASSISTANCE PAYMENTS AND HOMEOWNERSHIP EXPENSES [24 CFR 982.635]

The monthly homeownership assistance payment is the lower of the voucher payment standard minus the total tenant payment, or the monthly homeownership expenses minus the total tenant payment. In determining the amount of the homeownership assistance payment, the PHA will use the same payment standard schedule, payment standard amounts, and subsidy standards as those described elsewhere in this plan for the Housing Choice Voucher program. The payment standard for a family is the greater of (i) The payment standard as determined at the commencement of homeownership assistance for occupancy of the home, or (ii) The payment standard at the most recent regular re- examination of family income and

composition since the commencement of homeownership assistance for occupancy of the home. The PHA may pay the homeownership assistance payments directly to the family, or at the PHA's discretion, to a lender on behalf of the family. If the assistance payment exceeds the amount due to the lender, the PHA must pay the excess directly to the family. Homeownership assistance for a family automatically terminates 180 calendar days after the last homeownership assistance payment on behalf of the family.

However, a PHA may grant relief from this requirement in those cases where automatic termination would result in extreme hardship for the family. The PHA must adopt policies for determining the amount of homeownership expenses to be allowed by the PHA in accordance with HUD requirements. Homeownership expenses (not including cooperatives) only include amounts allowed by the PHA to cover:

- Principal and interest on initial mortgage debt, any refinancing of such debt, and any mortgage insurance premium incurred to finance purchase of the home
- Real estate taxes and public assessments on the home
- Home insurance
- The PHA allowance for maintenance expenses
- The PHA allowance for costs of major repairs and replacements
- The PHA utility allowance for the home
- Principal and interest on mortgage debt incurred to finance costs for major repairs, replacements or improvements for the home. If a member of the family is a person with disabilities, such debt may include debt incurred by the family to finance costs needed to make the home accessible for such person, if the PHA determines that allowance of such costs as homeownership expenses is needed as a reasonable accommodation so that the homeownership option is readily accessible to and usable by such person
- Land lease payments where a family does not own fee title to the real property on which the home is located; [see 24 CFR 982.628(b)].
- For a condominium unit, condominium operating charges or maintenance fees assessed by the condominium homeowner association. Homeownership expenses for a cooperative member may only include amounts allowed by the PHA to cover:
 - The cooperative charge under the cooperative occupancy agreement including payment for real estate taxes and public assessments on the home
 - Principal and interest on initial debt incurred to finance purchase of cooperative membership shares and any refinancing of such debt;
 - Home insurance
 - The PHA allowance for maintenance expenses
 - The PHA allowance for costs of major repairs and replacements
 - The PHA utility allowance for the home; and
 - Principal and interest on debt incurred to finance major repairs, replacements, or improvements for the home. If a member of the family is a person with disabilities, such debt may include debt incurred by the family to finance costs needed to make the home accessible for such person, if the PHA determines that allowance of such costs as homeownership expenses is needed as a reasonable accommodation so that the homeownership option is readily accessible to and usable by such person.

- Cooperative operating charges or maintenance fees assessed by the cooperative homeowner association

PORTABILITY [24 CFR 982.636, 982.637, 982.353(b) and (c), 982.552, 982.553] Subject to the restrictions on portability included in HUD regulations and PHA policies, a family may exercise portability if the receiving PHA is administering a voucher homeownership program and accepting new homeownership families. The receiving PHA may absorb the family into its voucher program or bill the initial PHA. The family must attend the briefing and counselling sessions required by the receiving PHA. The receiving PHA will determine whether the financing for, and the physical condition of the unit, are acceptable. The receiving PHA must promptly notify the initial PHA if the family has purchased an eligible unit under the program, or if the family is unable to purchase a home within the maximum time established by the PHA.

A family receiving homeownership assistance may move with continued tenant-based assistance. The family may move with voucher rental assistance or with voucher homeownership assistance. Continued tenant-based assistance for a new unit cannot begin so long as any family member holds title to the prior home. The PHA may deny permission to move to a new unit with continued voucher assistance:

- If the PHA has insufficient funding to provide continued assistance
- In accordance with 24 CFR 982.638, regarding denial or termination of assistance
- In accordance with the PHA's policy regarding number of moves within a 12- month period. The PHA must deny the family permission to move to a new unit with continued voucher rental assistance if:
 - The family defaulted on an FHA-insured mortgage; and
 - The family fails to demonstrate that the family has conveyed, or will convey, title to the home, as required by HUD, to HUD or HUD's designee; and the family has moved, or will move, from the home within the period established or approved by HUD.

DENIAL OR TERMINATION OF ASSISTANCE [24 CFR 982.638]

At any time, the PHA may deny or terminate homeownership assistance in accordance with HCV program requirements in 24 CFR 982.552 (Grounds for denial or termination of assistance) or 24 CFR 982.553 (Crime by family members). The PHA may also deny or terminate assistance for violation of participant obligations described in 24 CFR Parts 982.551 or 982.633 and in accordance with its own policy, with the exception of failure to meet obligations under the FSS program as prohibited under the alternative requirements set forth in FR Notice 12/29/14. The PHA must terminate voucher homeownership assistance for any member of family receiving homeownership assistance that is dispossessed from the home pursuant to a judgment or order of foreclosure on any mortgage (whether FHA insured or non-FHA) securing debt incurred to purchase the home, or any refinancing of such debt.

COMMUNITY SERVICE AND SELF-SUFFICIENCY PROGRAM

Community Service and Self-Sufficiency Program

VIHA continues building its resident services department with ongoing service coordination and the Bright Path family economic mobility plan. The "Department of Resident Wellness and Empowerment" combines

traditional Family Self-Sufficiency functions, collaborative partnerships, and the leveraging of services to energize a comprehensive approach to connecting residents to the services and resources necessary for facilitating positive outcomes and economic mobility for each household.

VIHA's long-term goal is to significantly improve the lives of its residents and the households in which they live. All resident engagement efforts will promote opportunities for residents to actualize financial wellness, increased income, better health, and emphasis on whole-person wellness, elimination of food insecurities; improved adult literacy and education attainment; allow residents to foster inclusion and be active and engaged in the community.

The Department of Resident Wellness & Empowerment (RWE) will facilitate resident input into ongoing program design that will drive:

- High-performing youth and workforce readiness
- Healthier residents and communities
- Economically stable residents
- An engaged community of citizens maintaining beneficial relationships, and safer communities.

Focusing on the department's service plan is essential to continued success. Leadership will ensure the

successful incorporation and use of existing resources and staff to collect data that develop and target service plans to identify partnerships and access points for community services. Also, the Family Self-Sufficiency (FSS) Program will be a focal point for facilitating positive financial outcomes for VIHA residents' economic goals. Additionally, departmental policies, procedures, and operations manuals will drive the second phase of resident wellness services. The goal of the second phase is to increase awareness and access to services for residents. RWE department will intensely focus on implementing BP Academic and Wellness centers in communities' territory wide. RWE is finalizing grants and procurement of services to build innovative wellness spaces that support physical, mental, and academic wellness. Maintaining effective community resident council collaboration will be instrumental in ensuring that residents connect to the necessary services and resources. Finally, stabilizing the department's mission-results service model will provide a departmental structure that sustains its effectiveness, efficiency, accountability, and team.

BRIGHT PATH UPDATE

VIHA is dedicated to enhancing the quality of life for its residents through a comprehensive and strategic five-year plan. Our initiatives focus on marketing and communications, including developing a detailed Scope of Work, electronic communication and distribution process, a resident communications strategy, and a robust branding strategy for the Bright Path and Resident Wellness & Empowerment (RWE) Department. The Community Service and Self-Sufficiency Program will present a Technical Solution Plan (TSP), coordinate RWE resident training, and facilitate the first RAD. Board meeting, revising the FSS grant's Action Plan, and developing a tracking system for Bright Path and FSS.

Currently operating at 90% capacity, the RWE department aims to reach total capacity by the end of the first year. We are restructuring the Section 3 program to provide more training and education options,

alongside building a comprehensive tracking database to ensure that employer and employee information is up-to-date and accessible.

Our mission is deeply rooted in increasing resident input in program design to drive high-performing youth and workforce readiness, healthier communities, economic stability, and engaged community relationships and safety. Over the next five years, we aim to increase awareness and access to services, implement BP Academic and Wellness centers across the territory, and finalize grants to build innovative wellness spaces. Collaboration with community resident councils will be instrumental in connecting residents to essential services and resources.

Stabilizing the mission-results service model will ensure our effectiveness, efficiency, and accountability. Leveraging partnerships will energize a comprehensive approach to connecting residents to the necessary services and resources, facilitating positive outcomes and economic mobility for each household.

Our long-term vision is a commitment to significantly improving the lives of our residents. We promote financial wellness, economic mobility, better health, whole-person wellness, food security, and adult educational attainment. Through these efforts, VIHA aims to strengthen households through self-sufficiency and a thriving community for all its residents.

Family Self-Sufficiency (FSS) Program

The Virgin Islands Housing Authority's (VIHA) Family Self-Sufficiency (FSS) Program, serving a minimum of 25 Low-Income Public Housing (LIPH) and Housing Choice Voucher Program (HCVP) families, has received renewed funding from HUD for fiscal year 2025. In response to the recent updates to the Final Rule and the FSS program Administration provision, VIHA has revised the FSS training and action plan to align with these changes. These updates ensure staff are well-equipped to support participants effectively, and the action plan now includes clear strategies and goals reflecting the new administrative requirements. The Program Coordinating Committee (PCC) partners remain integral to the program's success, providing crucial support as participants strive for economic self-sufficiency.

Infrastructure & Support for People Experiencing Homelessness

The PHA may adapt the subjects covered in pre-assistance counselling (as listed) to local circumstances and the needs of individual families. The PHA may also offer additional counselling after commencement of homeownership assistance (ongoing counselling). If the PHA offers a program of ongoing counselling for participants in the homeownership option, the PHA shall have discretion to determine whether the family is required to participate in the ongoing counselling. If the PHA does not use a HUD-approved housing counselling agency to provide the counselling, the PHA should ensure that its counselling program is consistent with the counselling provided under HUD's Housing Counselling program

HCVP/Special Vouchers/support Homeless Populations Referral Process for Special Vouchers:

The importance of a streamlined referral process ensures equitable access to eligible families and individuals need to specialized housing assistance promptly. Referrals for special vouchers, including Foster Youth to Independence (FYI), Emergency Housing Vouchers (EHVs), and Veterans Affairs Supportive Housing (VASH) Vouchers, are facilitated through the collaboration of VIHA and state Continuum of Care (COC)

partner agencies. Recognizing the limitations of our current resources and capacity, VIHA will develop a strategic approach that leverages external support from COC agencies to provide resources to support the homeless population effectively. Resources should include security deposit costs, utility assistance payments, purchasing of appliances, housing application fees, as well as, providing short term rental options, expertise and policy adjustments to support those at risk of homelessness, and the homeless population along with persons fleeing or attempting to flee, domestic violence, dating violence, sexual assault, stalking or human trafficking effectively. This approach aims to streamline housing voucher referrals and enhance accessibility to housing options while focusing on inclusivity and fair access.

Collaboration for Housing Voucher Referral allocation: VIHA acknowledges the challenges posed by limited resources within the Authority. Therefore, will work to identify expertise in supportive housing solutions that will facilitate the development and efficient allocation of housing resources to individuals in need. Strategic referral processes will ensure the state has access to specialized vouchers, improving VIHA's capacity to provide timely assistance to the homeless population throughout the territory.

Policy Adjustments and Operational Policy Language Intent: VIHA recognizes the significance of policy adjustments to accommodate the unique needs of the homeless population. VIHA will review and modify the operational policy and the Administrative Plan of Operational Policy . VIHA aims to mitigate barriers posed by outdated background check regulations. By enabling individuals with specific types of criminal records in the territory to access housing options under the Public Housing Authority (PHA) and HCVP programs, VIHA aligns with HUD's vision of inclusivity and equitable access.

Promotion of Fair Share Remedies and Incentives: VIHA recognizes the vulnerability of specific populations, including homeless individuals, domestic violence victims, senior citizens, and people with disabilities. VIHA proposes advocating state officials for fair share remedies that offer tailored incentives for Property Owners, Landlords, and Multi-unit developers willing to house special voucher holders. Incentives advocacy catering to each district's unique needs, VIHA aims to foster the increased number of available housing options for participants through successful integration into stable housing environments, promoting long-term well-being and self-sufficiency.

Substantial Deviation

A “substantial deviation” to VIHA’s Five-Year Plan or Restated Five-Year Plan (collectively referred to as the “Five-Year Plan”) and Annual Plan is defined as any substantial change, modification, or amendment to the Five-Year Plan that materially and significantly modifies VIHA’s goals listed in any section of the Five-Year Plan. A change in VIHA’s objectives or strategies in reaching those goals will not be considered a “substantial deviation” or “significant amendment or modification.” Other than for “substantial deviation” or “significant amendment or modifications,” as defined above, VIHA may make changes to its Five-Year Plan without the necessity of re-submitting the entire Five-Year Plan document, conducting a public hearing, or otherwise engaging in Five-Year Plan Resident Advisory Board consultation or other resident consultation.

Significant Amendment/Modification

The following actions will be considered a Significant Amendment or Modification to the Five-Year and Annual Plan:

- A change that would significantly alter rent or admission policies of VIHA's waiting lists.
- A significant addition of emergency or non-emergency work items not included in the Capital Fund Program Annual Statement(s)
- An exception to this definition will be made for any new activities that are adopted to reflect changes in HUD regulatory requirements or as result of a declared emergency (such changes will not be considered significant amendments or modifications by VIHA)
- Any proposed demolition, disposition, homeownership, Capital Fund Financing, development, mixed-finance, or RAD projects not identified in the Plan.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

Section B2: New Activities

HOPE VI or Choice Neighborhoods

VIHA will retain the option to apply for HUD's Choice Neighborhood Planning and Implementation Grants if funding and timing is appropriate.

Mixed-Finance Modernization or Development

VIHA is continuously reviewing its Public Housing Portfolio to determine suitability of available funding and redevelopment opportunities. As such, all VIHA's units will be reviewed for mixed finance potential or HUD's RAD program on an ongoing basis. VIHA has identified development partners and consultants to assist with these efforts, as well as self-development.

VIHA has identified the following sites: Wilford Pedro Home, D. Hamilton Jackson Terrace, Alphonso "Piggy" Gerard, John F. Kennedy Terrace, Nicasio Nico Apartments, Ludvig E. Harrigan Court, Mt. Pleasant, Joseph E. James Terrace, Marley Homes, and Additions and Williams Delight as priority redevelopment sites on St. Croix. On St. Thomas, the redevelopment of the Estate Tutu Hi-Rise Apartments is planned in three (3) phases at three (3) different site locations. These locations include two existing Estate Tutu Hi-Rise sites (Tutu North and Tutu South) and the Donoe site.

VIHA has engaged Developer Partners for the John F. Kennedy Terrace on St. Croix and the Estate Tutu Hi-Rise Apartments on St. Thomas. The redevelopment of John F. Kennedy Terrace will provide the opportunity to serve as a catalyst to the redevelopment of the Christiansted area, including the transfer of the Ralph deChabert property to the territory in exchange for buildable land. The redevelopment of the Estate Tutu Hi-Rise would provide the opportunity for the expansion of new and more resilient affordable housing developments. This redevelopment strategy will incorporate the assistance of the RAD program, Low-Income Housing Tax Credits, and other housing subsidies such as project-based vouchers to support the redevelopment and operational funding needed.

As an integral part of VIHA's Portfolio Repositioning Strategy, VIHA will consider the sale of any asset and purchase of any new land that will support the plan.

HUD has approved a RAD Portfolio Award to VIHA for approximately 1,200 units. A Portfolio Award allows public housing authorities to reserve RAD conversion for a set of projects. The agency will pursue the redevelopment of John F. Kennedy Terrace – 200 units, Joseph James - 34 units, Wilford Pedro Home – 97 units, D. Hamilton Jackson Terrace - 200 units. In addition, up to 1,698 units will be converted to project-based vouchers or project-based rental assistance under RAD per VIHA's Repositioning Strategy. The following table list these proposed RAD projects.

The Virgin Islands Housing Authority (VIHA) has made an offer to purchase the general partner ownership interest in Sugar Estates Associates, LP, the note receivable interest held by Continental Mortgage

Corporation (an affiliate of the GP), and the developer fee receivable interest owed to Michael Development Company I, L.P. VIHA desires to maintain as much affordable housing as possible given the scarcity of such housing on the islands.

VIHA will continue to evaluate the option of acquiring other affordable housing developments that would allow VIHA to utilize its Faircloth Limit of 4,127. The Faircloth-to-RAD strategy will also be evaluated as an option to convert a property to a long-term Section 8 contract following acquisition or rehabilitation/construction.

VIHA has developed a Repositioning Strategy that calls for the rehabilitation or new construction of more than 3,000 public housing units through a variety of repositioning strategies, including RAD, standard project-based assistance, Section 18 demolition, and public housing homeownership.

These developments, except for William's Delight, will be financed with either 4% or 9% Low-Income Housing Tax Credit proceeds. William's Delight will be developed as homeownership units under the HUD

Section 5(h) Homeownership Program. VIHA has entered into a Master Development Agreement (MDA) with three developers. The Richman Group (TRG) was recently terminated for convenience. VIHA will issue an RFP to create a pool of qualified developers to implement the projects previously assigned to TRG.

Below is a list of the VIHA properties that are included in the agency's Portfolio Repositioning Strategy with a summary of each site's status.

Developer Selection

VIHA selected three developers – MDG, and Pennrose to serve as developers of the St. Croix developments. MDG was chosen to develop Walter I.M. Hodge Pavilion, D. Hamilton Jackson, Alphonso Gerard, and John F. Kennedy. Pennrose was chosen to develop Tutu High-rise, Nicasio Nico and Ludvig Harrigan. TRG was selected to develop Ralph deChabert, Marley and Marley Homes Additions, Mount Pleasant, Aureo Diaz Heights, and Wilford Pedro; however, a new RFQ for a developer for these projects will be solicited. TRG is no longer one of our developer partners.

Narrative of Proposed Redevelopment Sites

Estate Donoe, (Estate Tutu offsite Replacement Housing Phase 1)

This project is the first phase of three phase development aimed at replacing the Tutu Public Housing Development that was irreparably damaged by Hurricanes Marilyn, Irma, and Maria. The Phase 2 and Phase 3 will be discussed below.

Site: Estate Donoe is approximately 17.5-acres located at No. 2 New Quarter, St. Thomas, USVI 00802, containing parcels Nos. 3A, 3B-1, B-2, and 3B Estate Donoe. The site has heavy vegetation, and irregular in shape with varied steep grading conditions, all the improvements remaining because of the hurricanes have been demolished leaving only two existing roads on site. All public utilities are available with sufficient capacity to support the proposed apartments. According to the Federal Emergency Management Agency's Flood Hazard Map, panel number 7800000028G, dated April 16, 2007, the property is in Zone "X", which is a determination to be outside the 0.2 percent annual chance floodplain. Site improvements will include, but are not limited to, parking, sidewalks, site lighting, a potable water cistern, all necessary utility distribution systems, trash enclosures, tot lots, landscape, and site irrigation.

Location: The site is surrounded by a blend of single and multi-family residential homes and is near a network of assets, including schools, the public library, retail, pharmacies, grocery shopping and banks. The site is easily accessed by public transportation and by car to the island's major thoroughfares.

Construction/Scope of Work: The new affordable apartment buildings will be constructed with slab on grade and concrete masonry foundation walls on concrete spread footings. The exterior walls will be constructed with concrete block and have a stucco finish, and all buildings are being designed to meet the construction requirements of Enterprise Green Communities. The new apartments will incorporate sustainable green features such as solar panels, energy star appliances and light fixtures/ceiling fans, low-water usage fixtures, occupancy sensors for shared areas and community spaces, solar water heaters in townhomes, and metered connections for air conditioning units in the bedrooms of each apartment. Hurricane resilient building techniques will be applied, which includes a micro-turbine energy system so that

the property is not reliant on the Island's electrical grid. Planned project amenities include indoor and outdoor community space. The plans incorporate sustainable design standards and local architectural influences that integrate the development within the greater neighborhoods. The sites will comply with all federal accessibility requirements.

Development Costs/Funding: The total development cost for the Estate Donoe development is \$71.3 million. Pennrose received a 9% LIHTC award of \$3.4 million on December 27, 2019, from the VIHFA. The project includes a \$80 million CDBG-DR commitment. All apartments will be subsidized by project-based vouchers. The original contractor was terminated from the project, and a new contractor has been selected to restart the project. This has delayed the construction completion date to December 2027

Estate Tutu North Redevelopment Project - Phase I (Tutu Phase II)

Construction Scope of Work: Phase I of the Tutu North will consist of the construction of 60 senior units. Master planning for this phase has begun. The preliminary plan calls development one six story senior building. The projected cost for Tutu North is \$64.0 million.

The Senior units would be one project with a preference for age restriction in the senior building. Financing for this phase will include: 9% LIHTC, FEMA, project-and project- based rental subsidies.

Timeline: The developer is in master planning process. Financing structuring has also commenced. The financial closing is projected for 4th quarter of 2025.

Estate Tutu North Redevelopment Project - Phase II (Tutu Phase III)

Construction Scope of Work: Phase I of the Tutu North will consist of the construction of 92 family units. Master planning for this phase has begun. The preliminary plan calls development three multi-family buildings, and one community building. The projected cost for Tutu North is \$80.0 million.

The Family units will be financing for this phase will include: 4% LIHTC/tax-exempt bonds, FEMA, project-and project- based rental subsidies.

Timeline: The developer is in master planning process. Financing structuring has also commenced. The project will include tax-exempt bonds. The financial closing is projected for 2nd quarter of 2027.

D. Hamilton Jackson Terrace

Site: This development consists of 110 public housing units situated in the Richmond community of Christiansted. The property was built in 1952. The physical address of the property is 7 Estate Richmond, Christiansted, St. Croix: and

This project will rejuvenate 106 units, excluding 4 units at D. Hamilton Jackson and excluding all the Alphonso Gerard Place units. The Alphonso Gerard Place units will remain as public housing units. We expected Close in December 2024. The Closing actually happened on January 24, 2025. The Notice to Proceed was issued to J. Benton Construction on January 24, 2025. A Groundbreaking was held on March 14, 2025.

The D. Hamilton Jackson Terrace Revitalization Project (the “Project”) is concurrently being financed in two separate financing transactions, both of which utilize HUD’s Rental Assistance Demonstration (“RAD”) program, transitioning from public housing to funding through project-based section housing assistance payment agreements: (i) the Territory’s first tax exempt bond/4% Low Income Housing Tax Credit (LIHTC) transaction, and (ii) a 9% LIHTC transaction.

Upon completion of the phased rehabilitation (expected by December 2026), with short term tenant relocation during the construction, the completed Project will include 106 units comprised of 32 one-bedroom units, 48 two-bedroom units, 20 three-bedroom units and 6 four-bedroom units. Four existing residential units will be decommissioned from residential use and converted into additional community space.

All DHJ in-place residents were successfully transitioned from the PIH PIC system to the MFH (Multifamily-PBRA) program’s TRACS system. One hundred percent (100%) DHJ in-place residents LIHTC Initial Certifications (TICs) have been completed and approved within the IRS Safe Harbor compliance period (120 days from date of Acquisition).

During the strategic repositioning planning phase of the DHJ RAD Conversion Acquisition and Rehabilitation project, it was determined that there would not be enough vacant units at the converting property to accommodate the temporary relocation of residents required to facilitate ongoing construction.

Therefore, in the absence of other viable options in the community, and in accordance with Notice PIH 2016-17 Rental Assistance Demonstration (RAD) Notice Regarding Fair Housing and Civil Rights Requirements and Relocation Requirements Applicable to RAD First Component – Public Housing Conversions, Section 7.5. Public Housing as a Temporary Relocation Resource, VIHA opted to use vacant units in the nearby public housing properties of John F. Kennedy Terrace (JFK) and Alphonso “Piggy” Gerard Place (APG) (aka Basin Triangle).

During the financial Closings of the David Hamilton Jackson (DHJ) 4% and 9% RAD Conversion Transactions, VIHA received HUD's official approval to Master Lease specific units located at John F. Kennedy (JFK) and Alphonso Piggy Gerard (APG)/Basin Triangle public housing properties to the developer owners of the DHJ RAD 4 LLC and DHJ RAD 9 LLC properties.

Alphonso “Piggy” Gerard Place

Site: This property consists of 26 public housing units. It was built in 1956. The physical address of the property is 8 Estate Richmond, Christiansted, St. Croix.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

Location: The sites are near the Caribbean Sea, WAPA utility plant, and the previously demolished Ralph deChabert site.

Construction Scope of Work: The conversion of the Basin Triangle (Alphonso “Piggy” Gerard) project includes the rehabilitation of 26 units in 13 buildings.

Development Costs/Funding: Total development cost is estimated at \$108.0 million with funding from CDBG-DR, Permanent Mortgage, and Deferred Developer Fee.

Timeline: Preliminary proformas have been developed, and VIHA is working with the VIHFA to establish a Tax-Exempt Bond Program to provide financing need to bring this project to fruition. Once the Tax-Exempt Bond Program is established, the project should close in the 1st quarter of 2024. The financial closing is now tentatively scheduled for the 1st quarter of 2024.

Stony Ground - Phase 1 (Wilford Pedro Home aka “Whim Gardens”)

Site: Wilford Pedro consists of 98 public housing units. The physical address of the property is 53 Estate Whim, Frederiksted, St. Croix.

Construction Scope of Work: The concept plan calls for the existing 98 units to be demolished and replaced with 97 RAD-LIHTC units. VIHA will request a transfer of assistance of these units to the Stony Ground site as an alternative location to redevelop this project. VIHA has executed a Purchase Agreement for Stony Ground. An acquisition proposal must be submitted to and approved by HUD as part of the RAD conversion process.

Development Costs/Funding: Total development cost is approximately \$89.0 million with funding from CDBG-DR, Permanent Mortgage, and Deferred Developer Fee.

Timeline: The project is expected to close in December 2026.

John F. Kennedy Terrace - Phase I (Stoney Ground Phase 2/3)

To address the critical need for housing for the residents of John F. Kennedy Terrace, VIHA will request approval from HUD to transfer 134 RAD project-based rental assistance units from the JFK and Joseph James sites to the Stoney Ground site. This transfer of assistance (ToA) will enable VIHA to build new housing while at the same time allowing residents to remain in place with the new development being constructed.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

Existing residents at JFK and Joseph James will be given the right of first refusal to move to the newly constructed Stoney Ground site, transfer to another VIHA public housing property, or receive a Resident-based voucher to relocate elsewhere.

We expect that the remaining 100 units in this CHAP will be replaced onsite at JFK , while the units in the identified WAPA propane blast zone are demolished and the families relocated.

Construction Scope of Work: One hundred (134) new units will be constructed on the Stoney Grounds site in two phases.

Development Costs/Funding: Total development cost is approximately \$61.1 million with funding from CDBG-DR, FEMA, LIHTC equity, Bond Senior Mortgage, and Deferred Developer Fee.

Timeline: The project is expected to close in December 2026.

Williams Delight Villas

Site: The Williams Delight Villas was built in 1969 on 43.4 acres of land and are located on Plots 158 & 159 Estate Williams Delight in St. Croix, Virgin Islands. There are 300 single-family detached homes that vary in size. There are 149 homes on the east side which has a community center building and four small parks. The remaining 151 homes are on the west side which has a large park, a basketball court and six small parks.

Location: The homes are connected to the St. Croix public water system and have cisterns to collect rainwater (the cisterns are not operational at this time). These cisterns are an important source of water because water is scarce and expensive in the U.S. Virgin Islands. As many as four homes share one cistern divided into separate small reservoirs. The foundations are a slab-on-grade construction with exterior 6” pre-cast concrete walls and a 4” flat masonry roof. Some of the homes have been renovated to include a galvanized metal roof above the masonry roof.

Estate Williams Delight, of which Williams Delight Villas is a part, is zoned R-2. The lot sizes within the Williams Delight development range from 3,900 to 6,100 square feet. Since the current zoning laws have an increased lot size minimum, additions to existing homes may be restricted unless a homeowner acquires an adjacent lot to increase the total size of the lot. Provisions will be incorporated in the mortgage documents that limit the use of each lot as residential and will require consistency with the requirements of the current zoning with respect to yards, width, depth, and open space.

Williams Delight is built on low, flat land in the center of the island of St. Croix approximately ten miles from the nearest town of Frederiksted. The development is located between the main east and west highways, Queen Mary Highway on the north and Melvin Evans Highway on the south. Within a two-mile area of Williams Delight there are schools covering pre-school through college.

The site is convenient to both commercial and industrial center of the islands, centrally located to employment and shopping. The site is located along the main east and west travel artery allowing access to the hospital, services, and amenities. Public transportation and a school bus are available at the site.

Construction Scope of Work: The Williams Delight Villas (WD), built in 1969, consists of 300 single-family detached homes. The physical address of the property is 158 Estate William's Delight, Frederiksted, St. Croix.

57 homes have been sold to the families residing in their home at the time of the sale. The Program was approved by HUD on September 8, 1995; and amended in December 2012. 100 of the homes are occupied, with the remaining 165 being vacant.

Demolition: VIHA will demolish Homes that meet HUD's obsolescence requirements. We estimate that 100 units be demolished.

Nicasio Nico Apartments

Site: Nicasio Nico is in East Christiansted on the Island of St. Croix, which includes 60 vacant, significantly deteriorated multi-family units. The physical address is 72C Estate LaGrande Princess, St. Croix, VI 00820.

Location: The site is adjacent to residential neighborhoods and a residential/resort area bordering the Caribbean Sea and has Caribbean views and access to the beach.

Construction Scope of Work: The project will consist of the demolition of 60 units and replacing them with 60 standard project-based units. VIHA anticipates that new units will be constructed back on the site to reconnect the site to the surrounding amenities.

Development Costs/Funding: The total development cost is estimated at \$32.0 million, with funding coming from a variety of sources, including FEMA, CDBG-DR, LIHTC equity, and private financing.

Timeline: The project is expected to close in 2027.

Joseph James Terrace

Site: The property consists of 34 units and was built in 1956 with an addition in 1966. VIHA envisions rehabilitating these units under RAD. The physical address of the property is 184 A&B Estate Ruby, Christiansted, St. Croix.

Location: The site is situated in the Ruby community of Christiansted in the northcentral part of the Island of St. Croix. The Stoney Ground site is being explored as an alternative site for this project.

Scope of Work: The project is envisioned as a conversion-only project, which means no additional private funds are expected to be leveraged.

Development Costs/Funding: Total development cost is pegged at \$4.6 million, with all the funding coming from CDBG-DR.

Timeline: The project is expected to close in 2026.

Ludvig E. Harrigan Court

Site: Ludvig Harrigan currently comprised nine (9) one, two, and three-story buildings with a total of 70 dwelling units. The buildings were originally constructed between 1958 and 1960. The official address of the development is #1-5 Estate Mars Hill & Wheel of Fortune, Frederiksted, St. Croix, Virgin Islands 00840.

Location: The buildings are situated in an area to the south of downtown Frederiksted. Entertainment, stores, and restaurants are easily accessible via city streets and public transportation in the St. Croix area. Single-family and multi-family housing and commercial property are common to Estate Mars Hill and Wheel of Fortune.

Construction Scope of Work: Seventy units previously demolished will be replaced with 70 newly constructed standard project-based units.

Development Costs/Funding: Total development cost is pegged at \$37.3 million with funding coming from a variety of sources, including FEMA, CDBG-DR, LIHTC equity, and private financing.

Timeline: The project is expected to close in 2027.

Marley Homes and Marley Homes Additions

Site: These two properties consist of 94 units. The properties were built in 1956, with the additions added in 1966. The physical address for the property is 190A, 190B&191B, Estate Two Brothers, Frederiksted, St. Croix.

Location: These properties are situated in the Two Brothers community of Frederiksted in the southwestern part of the Island of St. Croix. The properties are adjacent to the beautiful West Bay and near the Caribbean Museum Center for the Arts.

Construction Scope of Work: The initial plan called for rehabilitating 94 units under one Commitment to Enter into Housing Assistance Payment (CHAP). VIHA is now exploring ways to reimagine the site by constructing new units that would integrate the development with the surrounding community and take advantage of its proximity to West End Bay.

Development Costs/Funding: Total development cost is pegged at \$61.5 million with funding coming from CDBG-DR, FEMA, Federal Home Loan Bank, Private Mortgage, and LIHTC equity.

Timeline: The project is expected to close in 2027.

Aureo Diaz Heights

Site: Aureo Diaz consists of 100 public housing units. The physical address of the property is #5 Estate Bethlehem, Christiansted, St. Croix, 00851

Location: The site is near the St. Croix VIHA office and is 0.3 miles from the USVI Superior Court and 0.93 miles from the University of the Virgin Islands St. Croix campus.

Construction Scope of Work: The concept plan and feasibility analysis are being developed. The current plan calls for the construction of up to 125 units with 100 RAD-LIHTC units and 25 LIHTC only units. The Stoney Ground site is being explored as an alternative site for this project.

Development Costs/Funding: Total development cost is pegged at \$65 million with funding coming from CDBG-DR, FEMA, Permanent Mortgage, and Deferred Developer Fee.

Timeline: The project is expected to close in 2027.

Mount Pleasant

Site: The site consists of 44 units. The physical address of the site is # 5 Estate Mount Pleasant.

Location: The site is 1.96 miles from Manny Bay, 1.68 miles from Henry E. Rholsen Airport, and .82 miles from the Cruzan Rum Distillery.

Construction Scope of Work: The initial plan called for the redevelopment of 44 units. The concept plan envisions up to 79 units, with 44 units being RAD-LIHTC and 35 being LIHTC-only. The Stoney Ground site is being explored as an alternative site for this project.

Development Costs/Funding: Total development cost is pegged at \$42.7 million with funding coming from CDBG-DR, FEMA, Permanent Mortgage, and Deferred Developer Fee.

Timeline: The Richman Group, in conjunction with VIHA, has begun developing conceptual site plans to reimagine this development. The project is expected to close in 2027.

Candido Guadalupe

Site: This development consists of 90 units that will be demolished. The physical address of the property is # 20 Estate Slob, Kingshill, VI 00851

Location: The site is .29 miles from the Solo Historic District and .16 miles from Alfredo Andrews Elementary School.

Construction Scope of Work: The initial plan calls for the demolition of 90 units and the construction of 90 new units.

Development Costs/Funding: Total development cost is pegged at \$48 million.

Timeline: The project is expected to close in 2027.

Demolition and/or Disposition

Based on Hurricane Irma's impact on the Virgin Islands on September 6, 2017, the Tutu High-Rise Apartments located on St. Thomas, was severely damaged making it uninhabitable. An application for the demolition of Tutu High-Rise Apartments was approved by HUD in 2018, and the 4 phases of demolition are in progress. Phase I – The demolition of buildings 10, 11, 12 and 22 was completed in January 2023. The Demolition of Phase 3 is currently in process and should be completed January 2026. Phase 2 will be solicited again in 2026. The completion of the last demolition phase, Phase 4, will be determined soon thereafter.

The Williams Delight Villas, built in 1969, consists of 300 single-family detached homes. The physical address of the property is 158 & 159 Estate William's Delight, Frederiksted, St. Croix. 57 homes have been sold to date. The Program was approved by HUD on September 8, 1995; and amended in December 2012. 75 of the homes are occupied, with the remaining 68 being vacant. VIHA will demolish homes that meet HUD's obsolescence requirements. We estimate that 100 units be demolished.

Conversion of Public Housing to Project-Based Assistance Under RAD

VIHA will continue based on the 2018 CHAP approvals, the conversion of one or more of its St. Croix properties for conversion to project-based assistance under the Rental Assistance Demonstration Program

VIRGIN ISLANDS HOUSING AUTHORITY

in 2019. Participation in the program would allow for the redevelopment and/or modernization of properties that VIHA currently does not have the financial resources to undertake.

The Virgin Islands Housing Authority anticipates converting additional developments to project-based assistance under the Rental Assistance Demonstration (RAD) Program.

VIHA certifies that it is currently compliant with all fair housing and civil rights requirements, including those imposed by any remedial orders or agreements that may arise in the future.

RAD was designed by HUD to assist in addressing the capital needs of public housing by providing VIHA with access to private sources of capital to repair and preserve its affordable housing assets. Please be aware that upon conversion, the Authority's Capital Fund Budget will be reduced by the pro rata share of Public Housing Developments converted as part of the Demonstration.

The conversion of the public housing properties to the Multifamily RAD Project-Based Rental Assistance (PBRA) program will entail a meaningful change from VIHA's standard business operations. The properties will transition from the HUD Office of Public and Indian Housing (PIH) Division to the HUD Office of Multifamily Housing (MFH) Division. It is important to understand that the property will no longer be a part of VIHA's regular inventory. Therefore, unlike the RAD PBV program (which remains under PIH), VIHA's HCVP staff will not administer the MF RAD PBRA HAP Contract.

The RAD PBRA HAP Contract will be between HUD and the new Owner. The initial contract will be for 20 years and will be subject to annual appropriations. HUD shall offer, and the Project Owner shall accept, a renewal contract for the prescribed number of units at the expiration of the initial contract and each renewal contract. Each Covered Project with a PBRA HAP Contract will be subject to a 20-year RAD Use Agreement that will renew with the HAP Contract on the property assisted by the HAP Contract.

At conversion, the public housing properties will transition to blended properties, subject to the requirements of both the PBRA and the LIHTC programs. All new applicants must qualify for both programs to be deemed eligible for admission. VIHA's HCVP staff will establish and manage the waiting lists and determine new applicant eligibility. The Owner's Agent (a private property management company) will be responsible for all other aspects of administering the programs and managing the property.

VIHA will establish and maintain Multifamily RAD PBRA Site Based Wait Lists for the properties converting to project-based rental assistance. Each list will initially be populated with families with a right to return to each affected project and the existing applicants on the public housing waiting list of the same district (on the date each project receives a RAD Conversion Commitment (RCC)), and then opened to the public. The existing public housing applicants who wish to be added to Multifamily RAD PBRA Site Based Wait Lists in both districts will be added to said lists and will maintain their original public housing application date(s). Preference in selecting applicants for each site-based waiting list will be given in the following order to: (1) residents with a right to return, (2) residents displaced due to governmental action including (a) converting public housing projects under RAD to project-based vouchers (PBV), project-based rental assistance (PBRA) or Mixed-Finance, or (b) a government-declared natural disaster. Within each preference category,

VIRGIN ISLANDS HOUSING AUTHORITY

applicants shall be selected based on the date and time of application, except that preference for units with disability features shall be given to applicants requiring the features of these units.

For public housing projects converting assistance to PBRA under the First Component of the Demonstration, 24 CFR part 880, Section 8 Housing Assistance Payments Program for New Construction as modified for RAD and as set forth in Appendix I (of the Notice H 2019-09) and applicable existing and subsequent Office of Housing guidance will apply.

Special Provisions Affecting the Public Housing Conversions to the RAD PBRA Program may be found in Notice H 2019-09 (Section 1.7).

Project-Based Vouchers

VIHA administers the Territory's Housing Choice Voucher Program, which is budgeted to provide rental assistance to 2,162 low-income households. VIHA provides project-based rental subsidy to affordable housing sites on St. Thomas and St. Croix. VIHA will advocate for increased funding allocations to provide additional units with Project-Based Vouchers (PBV). VIHA will support changes in HUD regulations to increase the cap of PBV available in its funding allocation.

B5. Progress Report

Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year and Annual Plan. For Fiscal Year 2026, VIHA has restated its mission statement and refined its Strategic Framework.

VIHA's HCVP's three (3) overarching goals and sixteen (16) sub-goals are focused:

- Maintaining existing levels of subsidized housing and create new voucher subsidized (Project-Based) low-income housing through acquisitions, new construction, and rehabilitation of existing low-income housing.
- Enhancing VIHA's effectiveness through improved technology and process efficiency.
- Improving quality control and transparency, enhancing its housing portfolio and increasing operational efficiency.
- Maintaining its High Performer designation.

The program was designated as a High Performer for fiscal year 2024. VIHA will continue to monitor and improve the robust system for continuous monitoring and precise documentation of each SEMAP indicator. We will continue to conduct regular audits and assessments to ensure compliance and identify areas for improvement while collaborating with the HUD Puerto Rico Field Office.

USING CHOICE VOUCHER PROGRAM 2026 STRATEGIC GOALS

Goal 1: Enhance Communication and Engagement with All Stakeholders

Participate in Community Events

- Attend and actively engage in community fairs, workshops, and local events to raise awareness and gather feedback.

Host and Participate in Media Outreach

- Engage in radio talk shows and other local media platforms to discuss VIHA initiatives, answer questions, and address concerns.

Regularly Update Digital Platforms

- Ensure the VIHA website is consistently updated with the latest information, resources, and news.
- Develop a comprehensive strategy to enhance the VIHA's social media presence, including regular posts, live updates, and interactive content.

Engage Property Owners and Landlords

- Continue and expand orientation sessions for property owners to provide updates, gather feedback, and foster collaborative relationships.

Improve Customer Service Quality

- Provide ongoing customer service training to employees, focusing on effective communication, problem-solving, and stakeholder engagement.

Establish a Feedback Mechanism

- Create multiple channels for stakeholders to provide feedback, including online surveys, suggestion boxes, and community forums.

By enhancing communication and engagement with all stakeholders, VIHA can build stronger relationships, foster trust, and ensure that its initiatives and services effectively meet the needs of the community.

Goal 2: Achieve and Maintain High Performer Status for SEMAP

Ensure Rigorous Monitoring and Documentation

- Improve the robust system for continuous monitoring and precise documentation of each SEMAP indicator.
- Conduct regular audits and assessments to ensure compliance and identify areas for improvement.

Comprehensive Staff Training and Development

- Provide targeted training for staff in all deficient program areas, focusing on SEMAP requirements and best practices.
- Establish ongoing professional development programs to keep staff updated on policy changes and procedural enhancements.

Enhance Program Utilization

- Actively engage property owners throughout the territory to increase their participation in the Housing Choice Voucher program.
- Organize regular workshops, information sessions, and outreach initiatives to educate property owners about the benefits and requirements of the program.

Optimize Use of Technology for Program Integrity

- Improve the use of kiosks and other technological solutions to enhance program file integrity, accuracy, and accessibility.
- Leverage MS Teams Channels for data entry, file management, and reporting to streamline processes and reduce errors.

Foster Collaboration and Communication

- Promote open communication channels between staff, property owners, and stakeholders to ensure transparency and collaborative problem-solving.

VIRGIN ISLANDS HOUSING AUTHORITY

- Establish a feedback mechanism to continuously gather input and make data-driven adjustments to program implementation.

Set Clear Performance Targets and Accountability

- Define specific, measurable performance targets for each SEMAP indicator and hold staff accountable for meeting these goals.
- Regularly review progress against targets and implement corrective actions as needed to ensure continuous improvement.

By focusing on these enhanced strategies, VIHA can maintain high performer status for SEMAP, ensuring effective management and delivery of the Housing Choice Voucher program.

Goal 3: Increase Participation in the Homeownership Program

Enhance Awareness and Outreach Efforts

- **Develop a Comprehensive Marketing Campaign:** Create targeted marketing materials, including brochures, social media content, and informational videos, to raise awareness of the Housing Choice Voucher Program (HCVP) Homeownership through Family Self Sufficiency (FSS)
- **Leverage Success Stories:** Share testimonials and case studies of successful program participants to inspire and motivate potential candidates.

Strengthen Partnerships with Other Agencies and Organizations

- **Collaborate with Housing and Financial Institutions:** Partner with Virgin Housing Finance Authority, banks, and credit unions to provide comprehensive support, including financial education, credit repair services, and mortgage assistance.
- **Engage Nonprofits and Community Groups:** Work with nonprofits, community organizations, and advocacy groups to reach a broader audience and provide additional resources and support for potential homeowners.
- **Establish Referral Networks:** Create a referral network with other agencies to identify and direct eligible candidates to the homeownership program.

Provide Specialized Training for Staff

- **Partner with RWE FSS to Develop a Homeownership Training Program:** Design and implement a comprehensive training program for staff, focusing on the specifics of the HCVP Homeownership Program, including eligibility criteria, application processes, and support services.
- **Enhance Customer Service Skills:** Train staff in effective communication and customer service techniques to better assist and guide participants through the homeownership journey.
- **Offer Continuous Professional Development:** Provide ongoing training and development opportunities to ensure staff stay updated on the latest homeownership trends, policies, and best practices.

VIRGIN ISLANDS HOUSING AUTHORITY

By implementing these strategies, VIHA can significantly increase participation in the Homeownership Program, empowering more low-income families to achieve the dream of homeownership and fostering greater stability and financial independence in the community.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

6. Public Questions, Responses, and Comments

HUD mandates that all Public Housing Agencies (PHAs) must engage in consultations with Resident Advisory Boards (RABs) or Resident Councils to consider their recommendations when formulating their Annual Plans. Furthermore, PHAs are obligated to conduct a Public Hearing, which allows various stakeholders, including residents, community leaders, and public officials, to review the Annual Plans and provide feedback and suggestions for inclusion in the plans.

In compliance with these requirements, the Virgin Islands Housing Authority (VIHA) held a Resident Council Annual Review Plan meeting in both St. Thomas and St. Croix on Wednesday, September 10, 2025, and virtually via MS Teams at 6:00. Additionally, VIHA held a Public Hearing in both St. Thomas and St. Croix on Tuesday, September 16, 2025, and virtually via MS Teams at 5:30 P.M.

Resident Council Meeting: September 10, 2025

Repairs, Safety, ACOP, Rebuilding and Demolition

1. The housing authority has a Pet Policy?

Response: Yes

2. There is a problem with unleashed dogs in the community, and residents are not picking up after their pets. There is a concern regarding unleashed dogs and potential attacks. What is being done about these pet agreements?

Response: VIHA will conduct community outreach to ensure residents are informed about the pet policy and enforcement by Property Managers.

3. What is the ACOP?

Response: The Admissions and Continued Occupancy Policy (ACOP) is the formal policy document that governs how a Public Housing Agency (PHA) admits applicants and manages the continued occupancy of public housing units. It covers Eligibility Criteria, Application and Waiting List Procedures, Tenant Selection and Admissions, Rents and Charges, Continued Occupancy Requirements, Lease Enforcement and Termination, and Fair Housing and Equal Opportunity.

We will include updated language around evictions for criminal activity.

The ACOP was updated last year, but the lease was not updated. The lease agreement will be updated to match the ACOP, which will be revised by the end of the year, with an effective date of January 1, 2026.

As we review the ACOP, additional changes may be necessary to address other matters, or to ensure clarity.

4. What are the Home Ownership opportunities for St. Thomas.

Response: There are currently no opportunities for Home Ownership in St. Thomas.

VIRGIN ISLANDS HOUSING AUTHORITY

5. Are there opportunities for Home Ownership in Estate Donoe?

Response: We will look into the possibility of Home Ownership in that community.

6. Are homes in Williams Delight still for sell?

Response: Yes, there are 75 families that have not purchased their homes. Of that, 38 have made the \$500 deposit, and we are working with the remaining 37 families.

7. Are there any other options for current residents to purchase homes? **Clarification:** Are you referring to homes within the Housing Authority? Yes.

Response: No. St. Croix has two sites with home ownership; Williams Delight and Mon Bijou. St. Thomas had Anna's Retreat and St. John had George Simmons Terrace.

8. Correct me if I am wrong. I believe the Loveland community (under Jackson Development) is in the process of offering home ownership.

Response: In the future we may investigate doing something similar, but for now VIHA does not have any other home ownership opportunities available to residents.

9. How long does it take to save money in the escrow account?

Response: The money is tied to rent increases. For example, your current rent is \$200. You increase your income, resulting in an increase in your rent to \$1,000. In this example, you would be escrowing \$800 per month, multiplied by 12 months, multiplied by 5 years, equals \$48,000 in your escrow account. If you are in the FSS Program and increase your income, HUD allows you to place that money in an escrow account.

10. Crime Prevention is on paper in the Annual Plan, however, I don't see any change. Additionally, outsiders are dumping trash in the housing communities trash bins and the bush around communities.

Response: In regard to trash bins and dumping on housing authority properties, unfortunately this happens in all of our communities. Waste Management has fined the authority for trash that is piled up or dumped in our communities. We have notified them that the trash is not from our residents, as we have witnessed people come from off the road and dump trash (including construction trash). Unfortunately the control mechanism sits with Waste Management as they are the enforcement arm.

11. What about parking enforcement and removal of vehicles.

Response: The Property Managers walk the sites and make note of the abandoned vehicles. We have asked for more assistance from the Administrators to have more frequent pick-up and removal of those vehicles. Unfortunately, we have limited access to police assistance, and some residents react in a hostile way when vehicles are being towed.

12. What is the possibility of increasing fines for abandoned cars? Is it possible to have assigned parking spaces?

Response: We can look into increasing the amount of fines for repeat offenders, and designating assigned parking.

VIRGIN ISLANDS HOUSING AUTHORITY

13. Explain what is happening at TuTu.

Response: Based on damage caused by hurricane Irma on September 6, 2017, the two high-rise apartment buildings located on St. Thomas were severely damaged and deemed uninhabitable. An application to demolish the two high-rise buildings was approved back in 2018 to be completed in four phases.

Demolition is in progress. Phase one, the demolition of buildings 10, 11, 12 and 22 was completed in January 2023. The demolition of phase three is currently in process and should be completed in January 2026.

Phase two demolition will be solicited again in 2026. The completion of the last demolition phase four will be determined soon after that.

14. What will replace the high-rise buildings? Will there be opportunities for home ownership?

Response: It is not structured as home ownership now, but let's see.

15. Williams Delight: Security is an issue right now as not all street lights are working, so it's dark and invites potential criminal activity. Also the roads have not been repaved since they were dug up to install new pipes.

There are also issues with street lights and under stairway lights in the Auero Diaz.

Response: The Asset Management team will be notified so that they can address the light concerns in communities, and the grounds crew can address trash on the ground. Public Works is responsible for the roads not VIHA.

Public Hearing

1. What is being done about the pet agreements? There is a problem at Marley with unleashed dogs, residents not picking up after their dogs, and horses in the community. There is also animal cruelty, children are killing chickens. In the past, managers have attempted to assist by reaching out to talk to residents and post signs. Unfortunately, it has not changed behavior.

Response: VIHA will conduct additional community outreach to ensure residents understand the policy. Once residents are informed, managers will enforce the lease agreements.

2. Marley: The basketball benches are not secured, so residents move them all over.

Response: We will look into that issue.

3. Marley: There is a manhole close to my kitchen window (maybe 15 feet). Last week a bad odor was coming from it that was making me feel sick. I told the manager, and she was disrespectful.

Response: We will look into this issue as well.

4. What is the ACOP?

Response: The Admissions and Continued Occupancy Policy (ACOP) is the formal policy document that

VIRGIN ISLANDS HOUSING AUTHORITY

governs how a Public Housing Agency (PHA) admits applicants and manages the continued occupancy of public housing units. It covers Eligibility Criteria, Application and Waiting List Procedures, Tenant Selection and Admissions, Rents and Charges, Continued Occupancy Requirements, Lease Enforcement and Termination, and Fair Housing and Equal Opportunity.

We will include updated language around evictions for criminal activity.

The ACOP was updated last year, but the lease was not updated. The lease agreement will be updated to match the ACOP, which will be revised by the end of the year, with an effective date of January 1, 2026.

As we review the ACOP, addition changes may be necessary to address other matters, or to ensure clarity.

5. What can VIHA do to assist seniors living in public housing that need additional help (care taking)?

Response: The authority does not provide caretaking. However, what we do is work with our coordinators to try and get as much support as possible through the Department of Human Services, and our other social partners. The challenge we are facing is that there are more and more individuals that need that level of support putting a strain on resources. We continue to get our seniors registered with Human Services. If you know of someone in need of assistance, contact your Resident Wellness Coordinator and they will help the resident get registered.

6. What is going on with Donoe, Tutu Hi-Rise, Turnkey and Warren E. Brown?

Response: Warren E. Brown is no longer a VIHA community, it was sold to the Virgin Islands Housing Finance Authority in 2011. **Question:** Why haven't we seen anything on the sale? **Response:** Before VIHA could sale the property, we had to hold public hearings, information was posted in the newspapers, shared with the community and resident councils, and included in our Annual Plan. The sale was publicly known. I know that Housing Finance Authority is going through the RFP process for the design of a new development on that property. **Donoe:** The site is currently under construction. We expect to have those units back online by December 2027. We are restarting our efforts to get residents to sign back up and qualify, especially former residents of Donoe and Tutu Hi-Rise. Only former residents that have not completed their paperwork are required to complete the qualification documents. **Tutu Hi-Rise Senior:** RFPs for this 60 unit development on the site were the old central office was located are due back on September 25, 2025. Once we have the financial closing, we will start the process of having former residents apply for those units. This building is for seniors. Additionally, we have pre-development work starting on the family side of Tutu, buildings 19, 20, and 21. Buildings 14 and 22 have been demolished and the drawings are complete. Next, we will start working on pre-development. **Turnkey:** We have not started on that site, but those buildings will be demolished as well.

It is important for everyone to understand that former residents at those sits have first preference to return. Families must qualify for the site. They will have to be eligible under the low income tax credit program and the voucher program.
